

**AGGRESSOR PRO X** As part of the performance-oriented Aggressor PRO X family, the 1661 Side Console and 1663 Dual Console continue to offer the discriminating fisherman the best in on the water handling and control.

Fully featured like the larger Aggressor models, these have everything that the experienced angler would want in a high-performance fishing boat. Their slightly smaller size means less horsepower requirements and their smaller form means easier towing with smaller cross-over vehicles. Check out the 16' Aggressors at your local MirroCraft Dealer.
