

MirroCraft

TROLLER

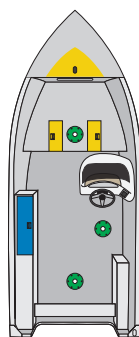

Consisting of 7 models: the four tiller and three side console models, continue to cover the performance and value equation. The 1416 side console as well as the 1400 tiller bring quality features in a smaller package. The console models feature a fiberglass console. All Troller models offer great performing hulls with molded-in spray rails for a dry ride and truly great handling. Trollers are very capable performance fishing machines. The list of standard features and available options will verify that. When combined with outboard ranging from 25 to 75 HP depending on model, they offer unmatched performance and value for years to come.
