## AGGRESSOR

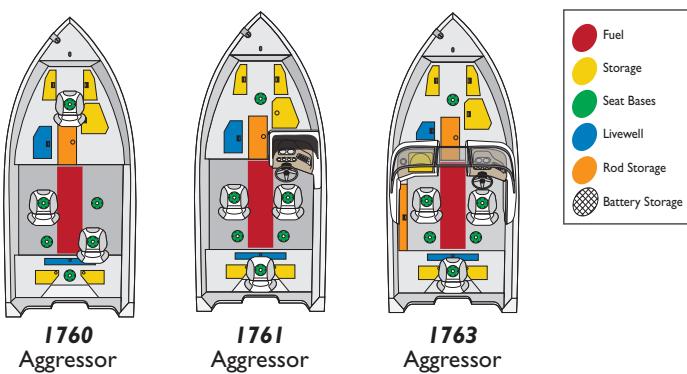

Featuring a new wide beamed hull like the Aggressor EXP, the Aggressor series offers a full 93" beam that translates into a ton of fishing space. Three new model designations, the 1760 tiller, the 1761 side console, and 1763 walk-through give the accomplished angler a choice no matter what style they prefer. Their one-piece bottoms, sporting stronger 2" thick transoms, allow them to carry increased horsepower ratings as well. The tiller model 1760 is now 80 hp up from 70 hp and the two console models boast 140 hp ratings. Aggressors offer pro-level components and pro-level performance when you power them with Yamaha outboards.
