

Tornado UTV

HOPPER SPREADER

Turn Your UTV into a Winter Warrior. The WESTERN® Tornado™ UTV 11 cu ft poly hopper is built to provide top spreader performance in a sturdy, compact ice control package to help you get your job done right. Designed specifically for UTVs, the Tornado UTV poly hopper spreader delivers many of the features of the larger models, in a size that is just right for your utility vehicle.

QUICK-CONNECT SPINNER ASSEMBLY

Gain easy access to the hitch by removing the quick-connect spinner drive assembly.

VARIABLE SPEED CONTROL

Dual variable-speed control allows you to individually control the two 12-volt electric motors to precisely match material delivery and spread patterns to conditions.

TRANSVERSE AUGER DELIVERY SYSTEM

Automatically backs itself in and out until an obstruction is cleared or a required adjustment has been made.

Tornado™ UTV

DESIGNED SPECIFICALLY FOR UTVs

VIBRATING INVERTED V

A standard 12-volt vibrator is directly connected to the inverted V, providing maximum agitation to help break up clumps and ensure the smooth flow of material.

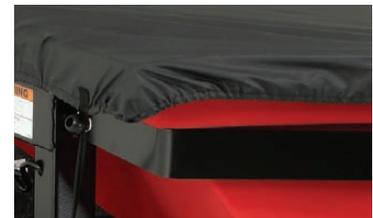

STANDARD TOP SCREEN

Helps break up large chunks of de-icing material during loading to help prevent clogging and bridging during operation.

STEEL FRAME

Heavy-duty steel with electrostatic powder-coated finish.

FITTED TARP COVER

A fitted tarp cover helps ice control material stay dry to prevent clumping.

| Model | Body Side Length | Capacity | Hopper Construction | Dimensions Overall (LxWxH) | Approximate Weight (empty) | Electric Motor | Spinner Size | Spreading Width | Materials | Vehicle Application |
|--------------|------------------|----------------------------|---------------------|---|----------------------------|------------------------|----------------|-----------------------------|--------------------------------|---------------------|
| Tornado™ UTV | 5½' (1.63 m) | 11.00 cu ft (0.31 cu m) | Polyethylene | 64" x 48½" x 27" (163 cm x 123 cm x 69 cm) | 280 lb (127 kg) | Dual, 12V DC Sealed | 12" (30 cm) | Up to 30' (Up to 9.14 m) | Salt or 50/50 Salt/Sand Mix | UTVs |
