POWER FOR VIRTUALLY ANY DIGGING APPLICATION

PREMIER POWER

Harness the power of hydraulics to transform any type of host equipment into a high-performance drilling machine. Thanks to premier hydraulic earth auger units, equipment operators can dig countless holes—even in the harshest conditions—all without leaving the driver's seat! Fence posts, foundation footings, tree planting, utility poles—you name it. For anything that requires vertical or angular holes, premier hydraulic earth auger units deliver every time.

POWER RAKE FEATURES

- **Duo-Tach®** mount is compatible with MT and mini skid mounts. No tools required!
- Operator friendly adjustments and maintenance
- Angle adjustment up to 20 degrees in 5-degree increments
- Rotor with carbide welded teeth
- Solid rubber "No Flat" tires
- Adjustable material shield for debris control
- Abrasion resistant steel runners
- Steel bearing housing with replaceable bearing protector
- Independently supported motor
- Twin bearing supported rotor
- Hydraulic angle option available

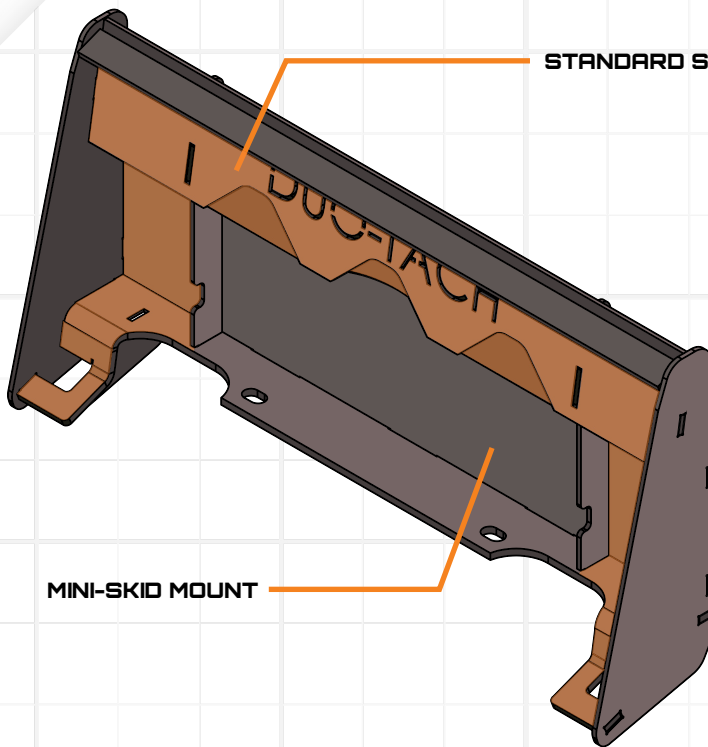

POWER BREAKER FEATURES

- **Mini Duo-Tach®** compatible
- Noise Reduction Technology
- Durable and reliable construction
- Choice ofmoil or chisel point tool
- Up to 1,200 beats per minute
- Standard and industrial duty available

ONE
AND
DONE.

DUO-TACH™

MOUNTING BRACKET

STANDARD SKID STEER MOUNT

MINI-SKID MOUNT

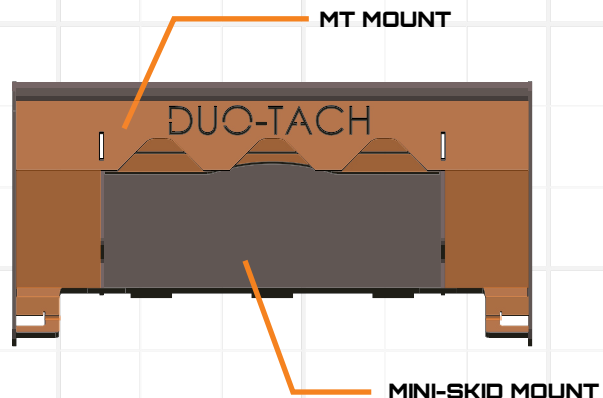

DUO-TACH® MOUNTING BRACKET

Premier's patented **DUO-TACH® MOUNTING BRACKET** allows attachment use on both universal skid steer and mini skid steer mounting systems. Disconnect the mount from your full-size skid steer and re-connect it to your mini skid steer without changing anything. With the newer generations of more powerful mini skid loaders, you have one mounting system to work on multiple platforms saving time and money.

MINI DUO-TACH® MOUNTING BRACKET

Premier attachment's **Mini Duo-Tach® MOUNTING BRACKET** allows attachments use on both MT and Mini Skid without the use of a single tool. No matter which mini skid loader you have, we have the mounting system that works across both.

MT MOUNT

MINI-SKID MOUNT

TRENCHER FEATURES

- Universal Skid-Steer and **Duo-Tach®** compatible
 - 5 options to meet today's machine requirements
 - 8 – 40gpm flow range
 - Heavy-duty planetary drive system eliminates chain reduction
 - Heavy-duty crumber shoe to remove loose soil
 - Manual side shift for hard-to-reach spots
 - Built-in skid shoe for proper depth control
-
- 4 chain styles with widths from 4"-12" to meet your soil and job requirements
 - Compatible with Skid Steers, Mini Skid Steers, and Mini Excavators

PALLET FORK FEATURES

- **Duo-Tach®** compatible
- ITA Class I, II, and III available
- Allows up to 3/8" thick chain to be utilized
- Standard and Walk-Thru available
- Fork capacity rating of 2,000, 4,000, 5,500, and 8,000 lbs
- Frame allows for clearance of host machine quick couplers
- Compatible with Skid Steers, Mini Skid Steers, and Tractor Loaders

RESPECT THE POWER

AMBUSER MOWER & BRUSH CUTTER FEATURES

- Up to 10" diameter cut capacity
- Built for today's standard and high-flow machines
- 60" and 72" 2-blade mowers
- 72" and 84" 3 and 4 blade brush cutters
- Spindle interrupters to prevent debris wrap around driveshaft
- Heavy-duty push-bar designed to push brush and trees down
- Built-in pressure relief valve to protect the hydraulic motor
- Optional carbide stump grinding teeth
- Piston or gear motor available
- Replaceable wear shoes

POST DRIVER FEATURES

- Pulse style power allows for a more controlled and efficient performance
- Compatible with Skid Steers, Mini Skid Steers, Tractor Loaders, Excavators, and Mini Excavators
- Combo unit quickly converts from a Post Driver to a Concrete Breaker
- 4 different energy classes from 500 to 1,500 ft/lbs
- Integrated plumb bob for post accuracy
- Pre-Drill option available
 - ▢ Post driver with our Power Drive unit installed
- Domed and Flat pads available
- Easy access maintenance points
- Integrated chain hooks on frame

HOMETOWN POWER

Need a quality manufacturer of construction and agriculture equipment attachments and parts? Look no further than Premier Attachments. We deliver everything from Earth Auger Drives, Auger Bits, Post Drivers, and Trenchers to Ammbusher Mowers & Brush Cutters, Pallet Forks, and Bale Spears. Whatever you need, we've got you covered!

Our products are proudly engineered, manufactured, and assembled in the USA, all with unrivaled dedication to quality. Add unbeatable lead times and the best warranties in the industry, and you'll soon discover what four decades of combined experience in the industry can do for you!
