## PRODUCT DESCRIPTION

Harpoon Contra Multipurpose & Wheel Bearing EP2 Grease is designed for demanding use in harsh operating environments. Formulated with advanced calcium sulfonate complex technology, it provides dependable, long-lasting protection for industrial and crusher bearings, bushings, pins, and other critical components, maintaining smooth operation and consistent performance.

## KEY FEATURES

- High-temperature formula for heavy-duty use
- Reduces wear and extends equipment life
- Maintains performance under extreme pressure
- Resistant to water washout

## APPLICATIONS

- Automotive (NLGI GC-LB)
- Construction equipment
- Heavy industrial transportation
- Marine equipment
- Agriculture equipment
- Powersports vehicles
- Conveyors

## PACKAGING OPTIONS

- Tubes 400g
- Pails 35lb
- Kegs 120lb
- Drums 400lb
