

SOLARA

S-310 SB

THE SOLARA S-310 SB

MADE
IN USA

The Solara S-310 Sport Bridge is where thoughtful design meets boundless adventure. This 31-foot vessel blends performance, comfort, and versatility—perfect for fishing at dawn, hosting friends at sunset, or cruising into the unknown.

The cockpit is the heart of the action, featuring forward- and aft-facing transom seating, an opening aft bulkhead seat, and a clear-path swim platform with a dual-passthrough design for seamless movement. Whether gearing up for water sports or prepping fishing lines, the setup is built for ease. Rod holders, EVA traction decking, a raw water washdown, and optional outriggers ensure you're ready for the big catch.

Inside the climate-controlled cabin, luxury meets function. The helm puts you in full command with dual 12" Garmin chartplotters, autopilot, auto-leveling trim tabs, and Yamaha Helm Master joystick steering—all standard. Three sleeping berths—a spacious forward berth, a convertible dinette, and the largest aft-berth yet—provide comfort for extended getaways. A fully equipped galley, featuring a stainless sink, refrigerator/freezer, and stovetop, ensures meals are never an afterthought, while the enclosed head with a marine toilet and shower brings the comforts of home to every voyage.

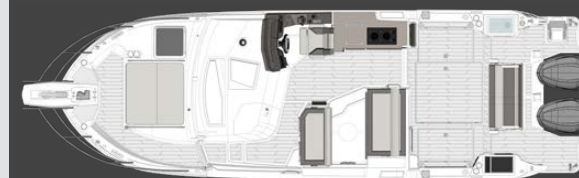

The forward walkthrough leads to a versatile bow space with a three-way transforming sun pad and recliner, ideal for lounging, sunbathing, or taking in the view. Sturdy bow rails, an anchor package, and a windlass make mooring smooth and stress-free.

Above, the sport bridge adds a whole new dimension. Accessible via a safe-step ladder with secure handrails, it features a second helm station with a 12" Garmin suite, autopilot, and Helm Master joystick steering. From this elevated perch, navigation is effortless, and entertaining reaches a new level.

With premium Lithium (LiFePO4) batteries, integrated cameras, a Fusion Bluetooth stereo, and ample seating, the S-310 SB is built for both high-energy adventures and peaceful escapes. More than just a boat, it's an invitation to explore, entertain, and embrace life on the water like never before.

SPECIFICATIONS

Length overall	30' 10" 9.4 m
Beam	10' 3.05 m
Draft	25" 0.64 m
Fuel capacity	200 gal 757.1 L
Water capacity	41 gal 155.2 L
Holding capacity	25 gal 94.6 L
Engine	Twin Yamaha F300 outboards
