## **HARDEST WORKING.**

Sportsman® brings you the hardest working lineup of ATVs by giving you the ProStar® Engines with options ranging from 31 HP – 89 HP. On-Demand True All-Wheel Drive (AWD) means you have four-wheel traction when it is needed, two wheel drive when you don't. Whether it is at home, on the farm or at the job site, Sportsman's class leading towing and payload ratings make sure you have what it takes to get more work done.

## **SMOOTHEST RIDING.**

High ground clearance and independent rear suspension adds up to the smoothest, most refined ride no matter what the trail throws at you. Sportsman® has the most responsive power steering available, with 30% more power assist than the leading competitor, plus Variable Assist for easier steering at lower speeds.
