

# PROCROSS F 1100 TURBO SNO PRO

## ENGINE

|               |                                           |
|---------------|-------------------------------------------|
| Type          | 4-stroke                                  |
| Displacement  | 1056 cc                                   |
| Cooling       | Liquid                                    |
| Cylinders     | Twin w/push-button reverse                |
| Bore x Stroke | 98 x 70 mm                                |
| Lubrication   | Dry sump                                  |
| Ignition      | Full transistor                           |
| Carburetion   | 46 mm single throttle body EFI            |
| Exhaust       | Turbocharger with stainless steel muffler |
| Fuel capacity | 10.6 gal.                                 |

## POWERTRAIN

|               |                                                            |
|---------------|------------------------------------------------------------|
| Drive clutch  | Arctic 6 post (rpm sensing)                                |
| Driven clutch | 10.75" dia. Arctic (roller cam)                            |
| Drive System  | Arctic Drive System                                        |
| Brakes        | Radial master cylinder hydraulic brake/disc on drive shaft |

## SUSPENSION

|                  |                                                                                                                                                                       |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Front suspension | Arctic Race Suspension with FOX Float 2 shocks and sway bar                                                                                                           |
| Front travel     | 10 in.                                                                                                                                                                |
| Rear suspension  | FasTrack slide-action suspension with Tri-hub rear axle system, couple blocks, torque sensing link, adjustable torsion springs, FOX (IFP) shocks (2" dia. rear shock) |
| Rear travel      | 13.5 in.                                                                                                                                                              |

## DIMENSIONS

|                |                       |
|----------------|-----------------------|
| Overall length | 118 in.               |
| Overall width  | 48 in.                |
| Ski stance     | 42-43 in. adjustable  |
| Runner type    | Single skag w/carbide |
| Track type     | RipSaw                |
| Track width    | 15 in.                |
| Track length   | 128 in.               |
| Lug            | 1.25 in.              |
| Pitch          | 2.52 in.              |

## COLORS

Green or Orange

## STANDARD FEATURES

Front sport bumper, electric start, adjustable handlebar, low-height windshield, deluxe digital/analog gauge, electric gas gauge, low oil pressure light, coolant overheat light, clock, accessory outlet, high/low hand warmer, high/low thumb warmer

## OPTIONAL FEATURES

Heated seat, engine heater, hand guards, hitch, rack, premium shocks, heated seat, 2-up seat, storage bags, tank pads, tether switch, (ex low, flyscreen, low, mid, high) windshield

## SUGGESTED RETAIL
