

1875 Pro-V

We couldn't call this boat anything less than Pro.

The Pro-V provides everything a fisherman needs in a boat and then some. The recessed boat deck creates a more productive fishing experience. Our livewell management system gives you greater visibility and control over your catch. The Pro-V combines the ultimate in Lund design with almost every feature imaginable, making our competitors amateur in comparison. That's why we call it a Pro.
