Model MW

A compact, mid-size, walk-behind mower that incorporates a unique balance of maneuverability, ease of use, and functionality to mow virtually any property. Just like the time-proven Walker Riding Lawn Mower, the Walker easily handles areas with rolling contours, irregular shapes, tight corners, and open spaces.

- 15-hp, Kawasaki OHV V-Twin Engine with electric start
- Dual, independent HydroGear® integrated transaxles
- Variable forward speed controlled by rocker switch near right thumb, used in conjunction with pistol grips to achieve true zero-turn and nearly effortless maneuvering
- Castering tail wheel provides balance and allows deck to float
- Parking brake
- Control panel with ignition switch, hourmeter, and choke/throttle control
- Tilt-up deck feature (just like riding tractors)
- 3-gallon fuel tank
- Hinged cover for easy access to engine
