DESIGNED *for* COASTAL ADVENTURE

Discover what's out there.

Our toughest, hardest working boats are back with more refinements and options than ever. They're rugged workhorses, with a host of features to make cruising more comfortable.

This boat takes you farther – it's a holiday in itself. From an evening cruise to an epic fishing odyssey, the Explorer lives up to its name in every way.

Imagine, you set the limits to what you can do and where you can go.

PURPOSEFUL FISHING AMENITIES

Explorer has everything the serious fisherman could need for a full day on the water including built-in tackle boxes, deck rod holders, a 30-gallon bait tank, two 36-gallon fish storage tanks, cockpit rod storage, and more.

SWIM PLATFORM W/LADDER

The built-in swim platform with ladder makes it easy to get in and out of the water. The platform also makes it easier to net the big catch of the day.

INTEGRATED STORAGE

The innovative, fiberglass grid system design of the boat allows for abundant storage areas aboard. There's plenty of room to stow everything you'll need from fishing tools to water toys.

CAPTAIN'S HELMS

Dashes are built in house at Campion. The gauges are placed into contoured dashes so that you are able to read them at a glance.

All switches are placed so they are easily accessible. Behind the dash, the wiring is neatly installed and each wire is labeled so that you can easily trace which component each wire is connected to. This allows you ease of maintenance

ROOMY CUDDY CABIN

Explorer SC models feature a roomy main cabin, with a convertible dinette, storage cabinets, galley with stainless steel sink and lighting. A microwave, refrigerator, and alcohol stove are also available as options.

FLEXIBLE SEATING AREAS

Explorer makes it easy to adjust seating areas to accommodate passengers. Optional slider bases and fold-down jump seats allow for different configurations. Bolsters and cushions also available.

CAMPION'S INNOVATION

THE EXPLORER FEATURES OUR APEX HULL DESIGN

With Campion's proprietary Apex hull design which creates faster planning and a more stable high speed platform for safer handling and better fuel economy.

The Explorer has fiberglass integrated stringer technology (F.I.S.T.) which allows bulkheads and floors to be bonded onto a bigger stringer system in terms of surface area which reduces hull flex.

In addition to the above, the Explorer has a layer of Kevlar is built into the high impact area of the keel to add strength and protection. Its three dimensional woven material is used in the hulls which allows for a stronger, stiffer and lighter laminates.

WEIGHT **3,640 lbs (1,651 kg)**
DEADRISE **20° APEX**

FEATURES

APEX hull
Hardtop with sliding side windows
Main cabin, convertible dinette, storage cabinets, galley, and lighting
Marine head
Full-width aluminum bracket with kicker mount and dive ladder

SYSTEM

- Color coded electrical system w/fused circuit protection
- Kicker® KMC100 Media Center, AM/FM, Bluetooth, USB, iPod
- 2 Kicker® exterior speakers
- 2 Kicker® interior speakers
- Dash light dimmer
- Seastar® hydraulic steering
- Heavy duty articulated wiper (starboard)
- Heavy duty articulated wiper (port)
- Compass w/5" bezel in lighted binnacle
- Electric horn
- Trim tabs with indicators
- Powerpoints (5)
- Automatic bilge pumps
- Multi-battery switch
- Engine room lighting
- Fresh & grey water tanks w/monitors
- Battery tray
- Fresh water dock inlet
- Remote spotlight (hard top only) anchor roll
- Bow rope locker w/hawse pie
- Integrated LED docking lights
- Main cabin, convertible dinette
- Privacy curtain (mid-cabin berth)
- Mid-cabin queen size berth
- Mid cabin berth storage
- Lockable bi-fold door
- Galley w/stainless steel sink
- 2v Refrigerator & alcohol stove
- Electric head w/macerator, holding tank & monitor
- Solid surface countertops
- Trash receptacle
- Enclosed stand up head w/vanity, stainless steel sink & mirror
- Full-width twin o/b aluminum bracket & dive ladder
- Interior rod storage
- Enviro responsible resin
- Dual portable fuel tanks (24L/6 USG x2)
- Starboard swim platform w/ladder
- Cuddy cabin w/storage & lighting
- Raw water wash down system
- Opening deck hatch w/screens
- 2 Fixed portholes

COCKPIT

- LED courtesy lighting
- Glove compartment (lockable)
- Stainless steel cup holders/ice box
- Drink holders
- 88 litre (98 qt) portable cooler
- Downrigger mounting surface
- Built-in tackle box
- Deck rod holders
- 30-gal bait tank
- 36gal fish storage tanks (2)
- Fish storage tank liners
- Cockpit rod storage
- Transom fold away aft bench seat w/removable back rest
- Aft cutting board
- 29" (avg.) interior free board
- Mop & gaff storage
- Swivel bucket seats w/fore & aft slider base w/fold down jump seats
- Hard top package
- Gunnel rod storage
- Gunnel side storage
- Bow storage tank
- Stainless steel grab handles
- Console storage
- Removable bow cushions
- Removable aft seat cushions
- Fuel gauge
- Speedometer
- Fillet & bait board
- Hard top with sliding side windows

HULL AND DECK

- Apex hull
- Three-dimensional woven fiberglass
- XL stringer grid
- Composite transom
- Corecell sandwich laminate
- Kevlar laminate reinforcement
- Uni-bond deck joint
- Walk-thru transom
- Fore deck walk around
- Non-skid deck, cockpit & liner
- Full interior fiberglass liner
- Enhanced sound insulation
- Bow pulpit w/stainless steel
- 5 Mooring cleats
- Built-in Kicker motor transom mount
- Fiberglass hull liner
- Fiberglass cockpit w/overboard drainage

HARDWARE

- Heavy-duty rub rail w/stainless steel inserts
- Stainless steel deck hardware
- Stainless steel walk thru bow rails
- Opening deck hatches w/screens
- Opening mid-cabin hatches w/screens
- Opening port holes w/screens
- Stern stainless steel pull out cleats
- Stainless steel fuel fill & cap
- Stainless steel flush mounted deck fills & vents
- Aluminum framed tempered full width glass windshield
- Stainless steel steering wheel
- Welded stainless steel bow rails

OPTIONAL EQUIPMENT

- Color coordinated gel coat feature
- Premium Impulse Mini Flake colour feature
- Anchoring package – anchor, chain, rode & windlass
- Aerated livewell (x2), Aerated bait tank with lighting
- Rigid Industries LED underwater lighting package
- In-dash depth sounder
- Shore power (50' cable, panel, GFI outlet, 20 amp charger)
- Microwave (with shore power only)
- Galley hot water/shower system (with shore power only)
- Seastar power assist steering
- Air conditioning
- Pre-wire for generator
- Generator with sound shield
- 2500W inverter with charger
- Port-side sleeper seat exchange
- Padded gunnel pads (removable)
- Premium snap in Campion Marine Deck
- Black Sunbrella® acrylic aft drop curtain

Alaska Package:

- Powder coated frame
- Rear fiberglass weatherproof enclosure
- Full width, twin panel, tinted glass door with 23" opening
- CE Package (IMCI Certificate and Declaration of Conformity plus related hardware)

- Black Sunbrella® Acrylic Bimini Sun Top
- Bow trolling motor pre-rig with mounting base
- CE Package (IMCI Certificate and Declaration of Conformity plus related hardware)
- Porta Potti w/pump out
- Livewell 95 litres (100 qt.)
- Aerated live bait tank 16.5 litres (18 qt.)
- Anchoring package – anchor, rode
- Heavy-duty articulated port wiper
- Tilt steering
- Seastar hydraulic steering (recommended for 150 HP)
- Seastar hydraulic tilt steering (recommended for 150 HP)
- Removable stainless steel ski tripod
- Port side sleeper seat exchange
- Jump seat back rests (not available on port side will sleeper seat exchange – 50% option price)
- Removable aft seat back rest
- Black Sunbrella® acrylic bimini top, side curtains, sloper & boot
- Black Sunbrella® acrylic cockpit cover \$1,179
- CE Package (IMCI Certificate and Declaration of Conformity plus related hardware)

- Mid bow filler cushion with side jump seat back rests
- Stainless steel T-top (with Sunbrella® panel)
- Black Sunbrella® acrylic console & bucket
- Port swim platform with ladder
- Samson ski bar
- Cockpit table (cockpit & cuddy mounting locations)
- Premium snap in marine flooring
- Campion Marine Deck for swim platform (port)
- Campion Marine Deck for swim platform (starboard)
- Campion Marine Deck for full interior cockpit (teak)
- Shore power (50' cable, panel, GFI outlet, 20 amp charger)
- 12V refrigerator exchange
- Electric head with macerator exchange

CAMPION'S WARRANTY

Effective with all 2021 models. For full warranty information please contact askus@campionboats.com

Disclaimer: The information in the Campion warranty policy supersedes all other publications, including but not limited to, owners manuals, supplier brochures and internet sources.

LIMITED 10 YEARS - HULL

Campion warrants the hull, stringers, motor mounts, hull and deck joints including floor and transom of each new Campion to be free of structural defects in materials and workmanship under normal use for a period of 10 years from date of delivery to the original retail sale.

LIMITED 10 YEARS - DECK

Campion warrants the deck including hull and deck joints of each new Campion to be free of structural defects in materials and workmanship under normal use for a period of 10 years prorated from date of sale to the original retail sale.

LIMITED 3 YEARS - BLISTER FREE

Campion warrants all boats to be blister free for a period of 3 years pro-rated.

LIMITED 2 YEARS - CANVAS

Campion warrants all "Sunbrella" canvas for a period of 2 years pro-rated.

LIMITED 2 YEARS - COMPONENTS

Campion warrants bilge blower, steering wheel, seat mechanisms and hinges for a period of 2 years. When these or other components are covered by the parts manufacturer's warranty, their warranty becomes the warranty in effect.

LIMITED 2 YEARS - UPHOLSTERY

Campion warrants upholstery for a period of 2 years pro-rated. It is essential that boat owners use care and cleaning practices as approved by the vinyl manufacturer.

WAKE TOWERS AND TOWING CLEATS

The manufacturers of towers and ski poles administer their own warranty policies. Towers, ski poles and Campion tow cleats are not designed for towing inflatable tubes or other boats. These are designed to pull a water skier, wake surfer and wake boarder. Towing anything other than what they are designed for will result in voiding the warranty and may create a potential safety hazard. Stresses on Wake Towers may loosen tower joints. Tower bolts need to be checked prior to each use
