

**DK90**

**KIOTI UTILITY TRACTOR**

# Exceptional quality and dependability in the DK series tractors

Keeps you *ahead of the pack*

## **Rear PTO**

A 540 PTO and 1,000 PTO are both standard on the DK 90. Changing speeds is as simple as shifting a lever. A ground speed PTO is available on the DK 90 for those special applications requiring precise travel speed.

## **Auto PTO**

A unique feature to the Kioti DK Series tractors is Auto PTO. When selected, the Auto PTO will “automatically” engage the PTO when the three point hitch is lowered and “automatically” disengage the PTO when raised. This feature reduces noise and vibration associated with PTO driven implements that are frequently raised and lowered.

## **Remote Hydraulic Valves**

The DK 90 comes standard with dual remote valves to accommodate a wide variety of attachments and implements. A third remote valve is an available option for the DK 90.

### Deluxe Cab

The deluxe cab comes standard with all the comforts of home including: front wipers, a/c and heat, auxiliary power outlet, rearview mirror, jacket hanger, ashtray and sunroof. In addition, the ergonomically designed work station places operator controls within easy reach of the deluxe suspension seat to minimize fatigue for those long days in the field. Rear wipers and AM/FM/CD radio with IPOD connection are standard on the DK 90.

### Single Lever Joystick

Mid mount hydraulics and a single lever joystick for loader operations are standard on the DK 90.

### Power Steering

Equipped with hydrostatic power steering the DK 90 has smooth, responsive steering that requires minimal operator effort regardless of the task at hand.

**DK Series** DK series high-performance tractors pack impressive power and smooth handling into one dependable workhorse. With many standard features that are options with the competition and an operator friendly cab, the DK 90 is ready for any job that demands a durable tractor.

### **Convenient Hood**

The streamlined, one piece hood accompanied by a vertical exhaust adjacent to the cab post offers great forward visibility even when equipped with a loader. With a quick release latch and removable engine panels, the DK 90 is easy to maintain and service.

### **Fuel Tank**

With a 33 gallon fuel tank and a fuel efficient engine, the DK 90 is able to work a long time between fuel breaks. A large filler neck with a wide spout is conveniently located next to the left cab steps to make re-fueling quick and easy.

### **Deluxe Seat**

A fully adjustable, suspension seat allows the operator to ride in comfort no matter what the job may be. A retractable seatbelt is standard on all Kioti tractors to ensure operator safety.

### **Telescopic CAT II Hitch**

Category II 3-point hitch with standard telescopic link ends make attaching implements quicker and easier than fixed links and enhances operator safety. The DK 90 comes standard with telescopic stabilizers and a RH leveling box to provide operator's with a wide ranges of customizable 3-point hitch options depending on the job at hand.

### **Transmission**

The DK 90 with 16 forward and reverse gears have travel speeds to match any task around the farm. The fully synchronized shuttle simplify loader work. The DK 90 also has a factory installed creeper gear that propels the tractor at speeds as low as .12 MPH.

## Front Loader

The KL 901 loader is equipped with a universal quick-attach mounting system that makes attaching a bucket as simple as latching an over-center latch. A built-in parking stand on the front-end loader provides for a quick and easy connection. This loader utilizes the tractor's hydraulic system, features single-lever control with float, and comes with a bucket level indicator.

## Standard Equipment

- Telescopic 3 Point Hitch Ends
- Telescopic Stabilizers
- Crank Adjustable Lift Link
- Creep Speed Gear
- Side Mount Hydraulic Couplers
- Single Lever Joystick For Loader Operation
- Hydrostatic Power Steering
- Rear Differential Lock
- Hydraulic Brakes
- Hand & Foot Throttles
- Adjustable Drawbar / Adjustable Seat
- Head Lights / Safety Lights
- Safety Start Switch
- Front & Rear Working Light
- Dual Remote Hyd. Valves
- Single Element Air Cleaner
- Ground PTO
- Tilt Steering Wheel
- Oil Cooler
- 4WD, Push Button Engaged for Easier Operation
- Flip-up PTO Guard
- AM/FM Radio CD Player(w/ iPod cable for MP3)
- Rear Window Defogger
- Power Outlet(3P) and 7 Pole Socket
- Front Wiper
- Rear Wiper

## Optional Equipment

- 3rd Remote Hydraulic Valve (Detent Floating Valve)
- Rear Sub Cylinder
- Front End Weights
- Cooler
