

7250 TTV WARRIOR.  
LIMITED EDITION.  
UNLIMITED PERFORMANCE.

# 7250 TTV WARRIOR.

## Feel the power. Take command.

The 7250 TTV WARRIOR is the limited-edition series model for agricultural professionals who want the very best in terms of technology, design and quality. Designed for the toughest of operations in the field and on the road. For that reason, this model comes with exclusive additional equipment, 3 years warranty - only for this limited-edition series model, the 7250 TTV WARRIOR.

### Majestic charisma in brilliant black.

Power you can see, and power that you can feel. With the unmistakable design in brilliant black, and the exhaust pipe with stainless steel heat cover, the 7250 TTV WARRIOR possesses an incomparable and powerful charisma. (optionally available also in classic DEUTZ-FAHR green.)

### More light, better visibility: The WARRIOR lighting package.

The optional WARRIOR lighting package with up to 16 LED worklights and Xenon head lighting enables you to conduct operations in any weather, and to contend with even the most demanding visibility conditions in precision and safety.

### Superior technology in the 7 Series.

The power of the 7 Series is very apparent indeed. The legendary Deutz engines with up to 263 hp (194 kW) provide the 7250 TTV WARRIOR with superior pulling power. The continuously variable ZF transmission delivers an unbeatable, precise speed requirement for road and field working operations - combined with optimum fuel efficiency.

## More reliable in operation than ever before: 3 years warranty cover.

The 7250 TTV WARRIOR can handle just about anything. Without any ifs and buts.

For that reason, and for the first time ever, DEUTZ-FAHR is providing 3 years warranty cover on all of these special models (max. 3000 operating hours) without a personal excess together with the mandatory maintenance contract (terms & conditions overleaf). This means that DEUTZ-FAHR with its 7250 TTV WARRIOR offers you a unique level of operational reliability that outperforms every legal obligation.

## Equipped for problem-free implement coupling.

Coupling of the implements, quickly, safely and precisely: All 7250 TTV WARRIOR models have the options of being equipped with hydraulic top link and Agrosky.

Not to mention up to seven electronic control auxiliary valves, PowerBeyond couplings and an ISOBUS signal socket.

## An even more exclusive design: The interior control layout.

To enable you to feel the power and driving superiority of the 7250 TTV WARRIOR, you are provided with an exclusive leather seat and the black WARRIOR footwell mat.

TECHNICAL DATA		7250 TTV
<b>ENGINE</b>		
Type		Deutz - TCD 6.1 L06 4V Tier4i
Fuel injection/pressure		Deutz Common Rail/2000 bar
Cylinders/swept volume	No./ccm	6/6057
Max. power with boost (ECE R-120)	kw/hp	194/263
Homologated power (2000/25/CE)	kw/hp	190/258
Max. power (ECE R-120)	kw/hp	175/238
Power at nominal/rated speed (ECE R-120)	kw/hp	174/236
Nominal / rated engine speed	rpm	2100
Maximum torque (normal operation)	Nm	934
Maximum torque (boost operating mode)	Nm	1009
Fuel tank capacity	l	380
AdBlue tank capacity	l	50
<b>TRANSMISSION</b>		
Type		TTV continuously variable transmission with a max. speed of up to 60 km/h
Ratio at 40 km/h		@1357/@1760 (HD)
<b>HYDRAULIC LIFT</b>		
Maximum lift capacity (front/rear)	kg	4500/10000
<b>HYDRAULICS</b>		
Load-sensing hydraulic circuit with closed centre hydraulic pump		Standard
Hydraulic oil reservoir capacity (separate)	l	50
Auxiliary valves	Number	4 (7 opt.)
<b>CAB</b>		
MaxiVision cab		Standard
Air conditioning		Standard
Automatic air conditioning		Optional
MaxCom Control armrest		Standard
ISOBUS interface (ISO 11786)		Optional
iMonitor2 (display 12,8")		Optional
WorkMonitor		Standard
Upholstered passenger seat		Standard
Cab suspension	Type	Pneumatic
Comfortip Professional headland management		Standard
<b>UNLADEN WEIGHT</b>		
Min/Max total unladen weight	kg	8200 - 9100
<b>MAXIMUM PERMITTED WEIGHT</b>		
Maximum permitted total weight at 40 km/h	kg	14500
