

Walk-Behind ROTARY SWEEPER

SNOWEX
LEADERS IN ICE CONTROL

Easily vary your travel speed and direction with unique multifunction controls

Drive features 3 forward and 1 reverse gear

Infinitely adjustable brush speed control

Introducing the powerful SS-4000 sweeping machine from SnowEx ...

Compact in size but large in performance and power, the SS-4000 is built to last and tough enough to handle long distances and large surfaces in extreme weather conditions.

Clean up? ... No problem. With the optional debris collector box (DCB-020), cleanup & waste disposal is easy

Active assisted steering

Durable Honda 160cc engine

Adjustable brush pressure

Durable elastic brush cover reinforced with steel substructure

7-position height adjustment

Anit-corrosive 3-coat paint finish

Polar Trec drive wheels for traction in harsh conditions

Durable pneumatic support wheel

Floating pivotal broom head

Large 16" diameter bristles

5 adjustable brush settings for wind-row angled sweep

Easy on/off blade attachment fastens securely to unique pin mounting system*

*Standard equipment.

Walk-Behind ROTARY SWEEPER

SS-4000 ROTARY SWEEPER

The SnowEx Advantage

Productivity

- With brush powered at midpoint, unit cleans against walls and curbs
- Locking differential feature steadies wheels for straight patting
- Easy-attach snow blade offers dual sweeping/plowing capability
- Optional debris collector box for clean up/waste disposal

Operation

- Easily adjust the brush angle and brush speed from the steering position
- 360° turnability

Maintenance

- Convenient folding frame for storability
- Wheels can be easily removed without a tool

Quality

- Stable steel wheels, Polar Trec tires and a pneumatic support wheel keep you in control
- Rust inhibitive high quality 3-coat paint finish and yellow chromated hardware maintain finish

SPECIFICATIONS

DIMENSIONS	
Weight (Unit)	238 lbs (108 kg)
Length Unit	71.65" (182 cm)
Unit including snow blade	80" (203.2 cm)
Unit including optional debris collector box	92" (233.7 cm)
Width	39.37" (100 cm)
Height	
Distance to motor	29.5" (74.9 cm)
Distance to adjustable handlebars	35" low (88.9 cm) 42.5" high (108 cm)
Wheelbase	14" (35.5 cm)
OPERATIONAL	
Brushing width	39.4" (100 cm)
Brush diameter	15.75" (40 cm)
Plowing width	40" (101.6 cm)
Speed	
Forward (3 gears)	1.55 mph to 2.86 mph (2.5km/h to 4.6 km/h)
Backward	2.05 mph (3.3 km/h)
Wheels	Polar Trec drive wheels, pneumatic support wheel
Engine	Honda™ GXV Series 160 cc
Fuel Capacity	1.5 U.S. quarts (1.4 liters) fuel tank
Oil Capacity	.69 qt (.7 liters)
CONSTRUCTION	
Frame	Anti-corrosive 3-coat paint finish
STANDARD EQUIPMENT	
Snow blade	
Warranty	2-Year
