

# STUMP GRINDER

## DON'T GET CAUGHT BETWEEN A STUMP & A HARD PLACE

The SG340 utilizes twelve hardened carbide tipped cutting teeth rotating at 3,600 rpm for fast grinding, smooth cutting and smaller chips and debris. With the wheel base width at only 23", getting close to buildings or fitting through gate openings to access stumps is quick and easy.

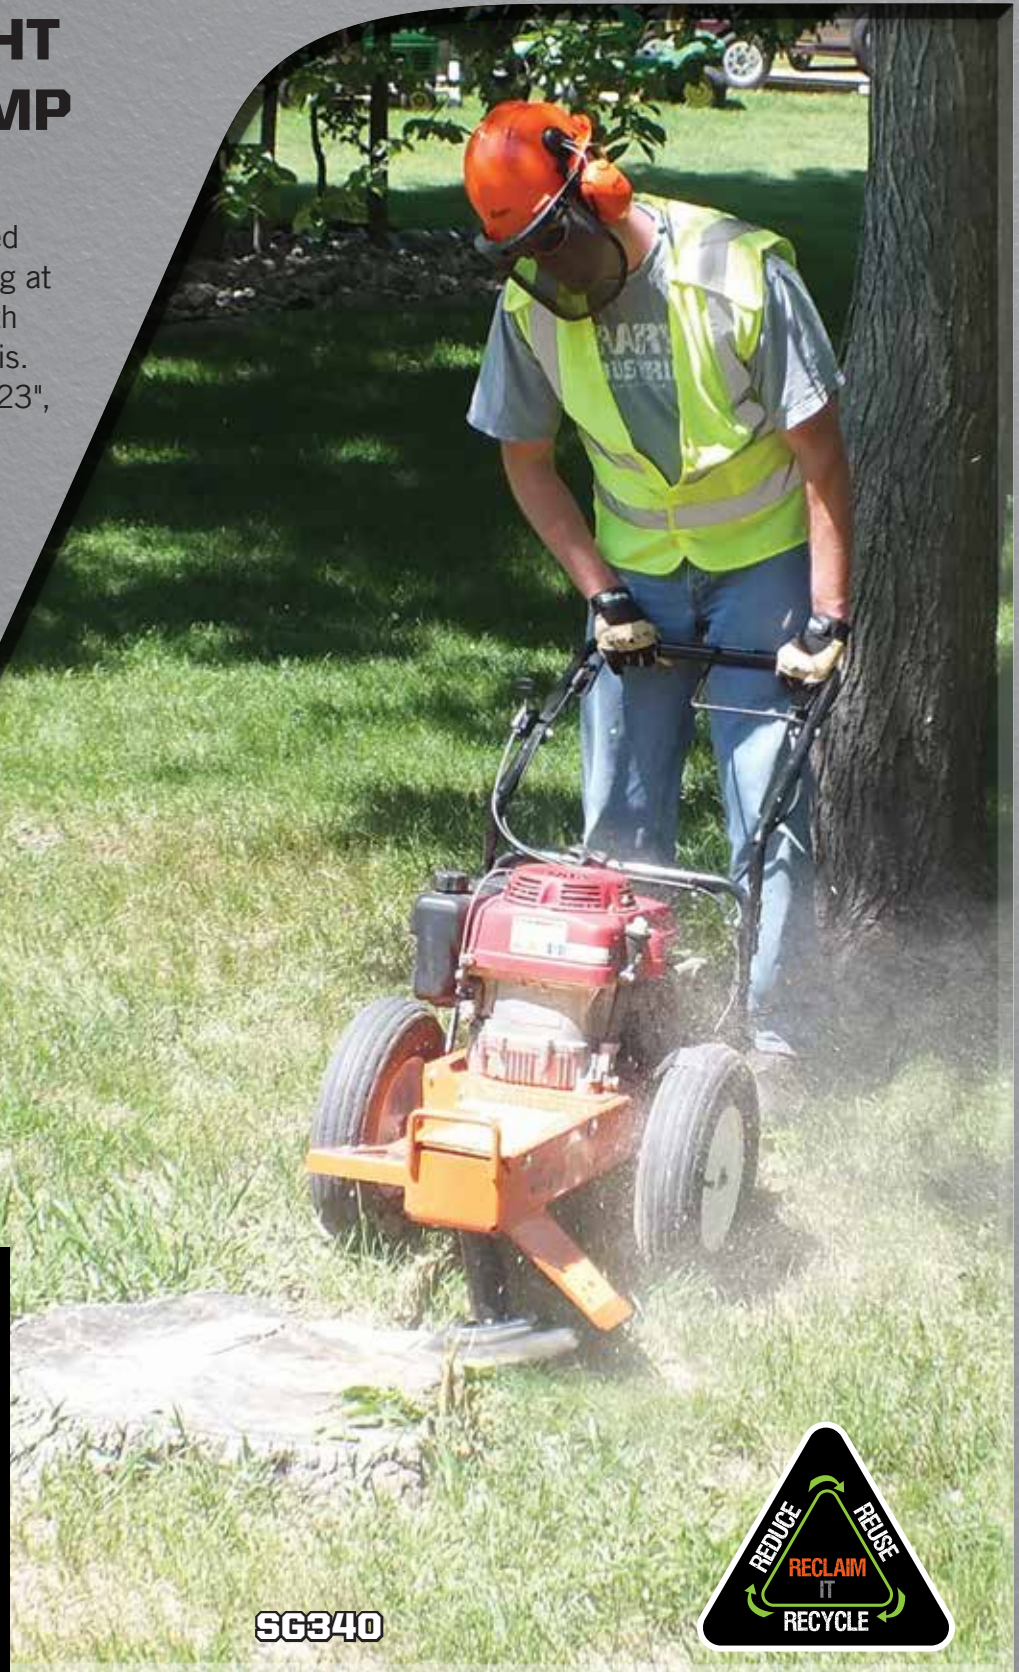

- **Double-Banded Belt Driven Cutting Head**
- **12 Carbide-Tipped Cutting Teeth**
- **Large Flat-Free Tires**

For a complete list of parts & accessories, see page 31.
