

# AWS Head Transports

All Wheel Steer 32', 38', 42' & 48' Models

## Front and Rear Articulating Pivots

Heavy Duty articulating pivots add strength, durability and provide a short turning radius.

Minimum Turning Radius:

48' AWS = 27.5 ft.

42' AWS = 24 ft.

38' AWS = 21.4 ft.

32' AWS = 17.5 ft.

## Steering Linkages

Steering linkages with ball joints for smooth steering of rear axle. Located on side of main frame, also allows increased ground clearance.

Torsion flex axles, front and rear for a smooth ride. LED lights and SMV sign are standard equipment.

## Torsion Axles with LED lights and SMV

## Adjustable Top Rail

Adjustable upper support tube for flexibility when mounting heads.
