LIQUID TENDER

TRAILERS

DEMCO

www.demco-products.com
1.800.543.3626

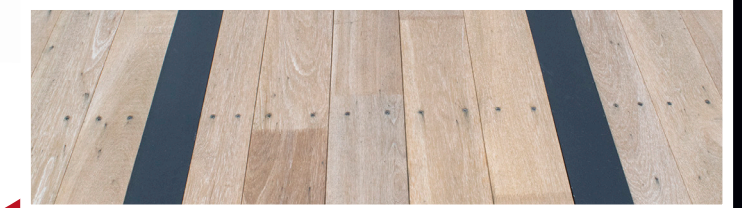

SWING ARM OPTION

30' reach of hose on a swing arm to come out from under trailer deck

HOSE REEL OPTION

Hannay 50' electric hose reel with free-spin unwind and electric rewind

APITONG FLOORING

"As sprayers have gotten bigger, we needed a better way to get water to the sprayer. I researched several different trailers and to me, this one is a cadillac."

MATT MILES
ARKANSAS

STRATEGIC LAYOUT

Demco's liquid tender trailer is designed with your needs in mind, offering significant advantages over a regular drop deck trailer with tanks. **The strategic placement of one tank on the front top deck and another at the back maximizes the open space in between.** This layout provides ample room for your chemical totes, chemical eductor, and any other essential equipment, ensuring everything you need is within easy reach while you're out spraying.

NEW ACCESSORIES OPTIONS

TOTE RACK / CAGE

PLUMBING OPTIONS

LIGHTING PACKAGE

HAND WASH STATION
