A Word from Dan Ariens

When you choose to buy a Gravelly you become part of a family. From our humble beginnings when Ben Gravelly built his first motorized plow in 1915, to the 1,500 passionate people at Ariens Company today, we proudly carry on the tradition of building commercial-tough, reliable equipment.

Ben Gravelly was known to test and re-test every component of his machine for reliability. Today, the design engineers at Ariens Company honor that tenacity by constantly evaluating every mower subsystem and component to maximize your machine's performance. Backed by the resources of Ariens Company, our experts continue to develop Gravelly commercial equipment with the same legendary DNA that meets or exceeds the high-wear conditions professional landscape contractors put to the test every day. Professionals know this all adds up to increased durability, longer life, and improved uptime – exactly what you would expect from a premium, American-made product.

High-performance equipment requires personalized service that can only be provided by true outdoor power equipment experts. That's why

we sell Gravelly mowing equipment exclusively through a network of independent servicing retailers, and back them up with technical engineers who have an average of 30 years of experience with our products. It all adds up to rugged performance and legendary reliability you can count on, both before and after your purchase.

Whether you are making a capital investment for your landscape business, or you just love the satisfaction of a beautiful yard and the smell of fresh cut grass on a summer afternoon, our family pride comes from knowing we can assure you these important pleasures of life.

Welcome to the family,

Dan Ariens

A handwritten signature in black ink, appearing to read "Dan Ariens". The signature is fluid and cursive, with a long horizontal stroke at the end.

*President, Ariens Company
Manufacturer of Gravelly Equipment*

GRAVELY AN AMERICAN WORKHORSE SINCE 1916

1916

Model D Motorized Plow

Benjamin Franklin Gravely not only invented a revolutionary product in the two-wheeled tractor, he built a brand that changed the way people worked and helped improve their lives. The machine represented durability, independence, and unmatched flexibility. From plows that were powered by actual horses to the invention of motorized plows, horsepower has changed through the years. With 65 patents to his name, Gravely left a legacy of on-going, continuous improvement.

Ben Gravely

The Model D motorized plow represented durability. Today we continue that legacy with our slogan - An American Workhorse Since 1916.

Decades of Performance and Durability.

Table of Contents

COMMERCIAL

Zero-Turns (Pages 6-19) Gravely commercial zero-turn mowers are an advantage to professional landscape contractors. With 180 degree turning capability, less passes are required to complete each job maximizing efficiency and productivity.

Stand-Ons (Pages 20-21) Gravely's Pro-Stance® series is fast becoming a leader in the industry with commercial landscape contractors adding stand-on mowers to their fleet for increased productivity. A unique aspect of stand-on mowers is the ability to move freely with total control and less fatigue.

Walk-Behinds (Page 22) Gravely commercial walk-behind mowers put the power in your hands. From thick grass to steep hillsides, Gravely's walk-behind mowers provide robust power unrivaled by the competition.

21" Walks (Page 23) Landscape contractors need dependable mowers to stay competitive. Designed to withstand all day, everyday use, the Gravely Commercial Walk is ideal for fleets of all sizes. From the cast aluminum deck to the rugged, commercial engine, these mowers mean business.

Chore (Pages 35-39) With Gravely power at your fingertips, landscaping chores take on a whole new meaning. Built with the same unsurpassed standards of quality, Gravely chore products allow you secure the finishing touch you need season after season.

RESIDENTIAL

Zero-Turns (Pages 26-33) If you want nothing but the best for your landscape, place your trust in the same name brand professionals prefer — Gravely. With a range of residential Gravely mowers to choose from, you're sure to find the ideal landscape solution for your needs.

COMMERCIAL DUTY TOUGH

ULTIMATE SELECTION

Gravely offers gasoline, LP, and Diesel commercial engines with canister air cleaners to ensure lasting performance.

ULTIMATE QUALITY

Hydro Gear® Integrated Transmissions provide smooth operation with 89% fewer leak points versus separate pump and wheel motors.

ULTIMATE RELIABILITY

Gravely commercial spindles are engineered to meet the demands of challenging mowing conditions. These durable, cast iron spindles feature premium components including precision ball bearings and a 100,000 PSI stressproof spindle shaft that withstands the punishment of demanding commercial cutting environments.

ULTIMATE STRENGTH

Gravely commercial mowers are built with heavy gauge steel for unbeatable, long-lasting strength.

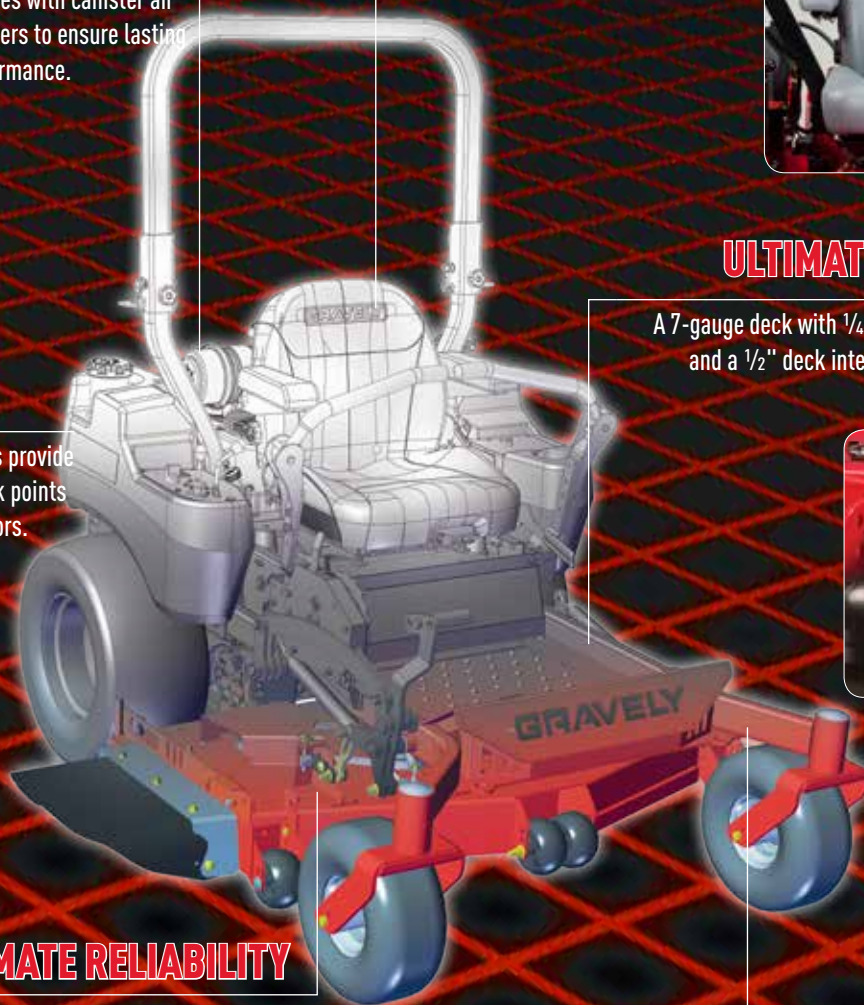

ULTIMATE COMFORT

Gravely commercial mowers come complete with suspension seats of varying degrees for all-day comfort.

ULTIMATE DURABILITY

A 7-gauge deck with 1/4" spindle reinforcement and a 1/2" deck integrated wear bar provide superior durability.

Pro-Turn™ 400 XDZ Series

ROBUST POWER. EXCEPTIONAL PERFORMANCE.

Discover the ultimate Zero-Turn experience with a Gravelly Pro-Turn 400. Featuring the industry's first air ride seat, dial-adjust height of cut, a 7-gauge fabricated X-Factor™ deck, as well as the widest range of deck sizes and engine options, it's everything you'd expect from a commercial mower and then some.

- 7-Gauge Fabricated X-Factor Deck
- Rugged 3" tall steel frame tubing
- Semi-pneumatic front tires
- Heavy-duty rubber discharge chute
- Sturdy front forks and bearings
- Rubber isolated foot platform
- Fuse block
- Adjustable control arms
- User-friendly, easy deck lift system
- 13.4 gal. fuel capacity
- 13 mph ground speed
- 12V outlet
- Robust 27 – 35hp Kawasaki® engines available
- Efficient 26.5-33 hp Kohler® EFI engines available

ULTIMATE COMFORT

The industry's first air ride seat with isolators provides all-day comfort that can be adjusted with the touch of a button.

ULTIMATE CUT

Dial-adjust height of cut allows the cut height to be adjusted quickly and easily from the operating position. With 19 different cutting positions ranging from 1" to 5.5", there's a setting perfect for every job.

ULTIMATE TRACTION

Radial tires provide superior traction and stability needed to overcome challenging mowing conditions with less damage to the turf.

GRAVELY TECHNOLOGY: ENGINEER TESTED. LANDSCAPER APPROVED.

The Pro-Turn 400 isolation system is designed to absorb smaller bumps and dampen rotational movements in the frame. Seat isolators absorb large vertical impacts such as driving off a curb while engine frame isolators reduce vibration from the engine.

Pro-Turn™ 400 XDZ LP Series

POWERED BY CLEAN FUEL

Propane fuel is a green alternative to traditional gas power valued by both contractors and their customers. Benefits of using propane fuel include:

- 20-30% less expensive than current gas prices and 97% domestically produced
- No chance of spilling or shrinkage
- Avoid storage and shelf life issues with tanks certified safe by the DOT for 12 years.

- Robust 27 hp Kawasaki® FX850V LPG engine
- Twin 33.5 lb. propane tanks (sold separately)
- Hydro-Gear® ZT-5400 Integrated Transaxles
- 7-gauge Fabricated X-Factor® Deck
- Rugged 3" tall steel frame tubing
- Semi-pneumatic front tires
- Heavy-duty rubber discharge chute
- Durable front forks and bearings

- Rubber isolated foot platform
- Centrally located fuse block
- Fully adjustable control arms
- User-friendly deck lift
- 12V outlet
- 13 mph ground speed
- Radial Tires

ULTIMATE SAVINGS

Propane fuel costs less per gallon than gasoline and requires less engine maintenance saving money year after year. Propane is a green burning, environmentally friendly fuel alternative that is not considered a greenhouse gas.

ULTIMATE RUN TIME

Gravely Pro-Turn 400 LP mowers have two 33.5 lb. propane tanks providing longer run time and enough fuel to complete large jobs.

ULTIMATE CONVENIENCE

Lawn and garden propane cylinders are specifically designed for mowers indicated by the green ring at the top. These tanks are left hand threaded to ensure you always have the correct tank for the job.

Commercial 21

DURABLE DESIGN. QUALITY COMPONENTS.

The Gravely Commercial 21 provides superior durability and an unsurpassed quality of cut unrivaled by other walk-behind mowers. Complete with a cast aluminum deck, 3-speed heavy-duty transmission, and a powerful Kawasaki® FJ180V KAI engine, the Commercial 21 is the walk-behind pros prefer.

- 9" cast aluminum wheels for smooth performance on rough terrain
- Dual sealed ball bearings and steel stabilizer bushings stand up to rugged, everyday use
- Replaceable high durometer rubber tires resist wear and tear
- Available in zone start or BBC configurations
- Adjustable handlebar height for operator comfort
- Greaseable rear axle hubs with zerk fittings and dust seals ensure long life
- Deck edge guards prevent premature wear
- 7 height-of-cut adjustments from 1" to 4"
- 2.5 bushel bag capacity

MORE

ULTIMATE DURABILITY

The Cast Aluminum Deck ensures longevity and unmatched cutting performance when bagging or mulching grass. The deep tunnel design of the deck maximizes air flow and suction for a clean cut every time.

ULTIMATE CONTROL

Three speed, shift-on-the-fly transmission with steel cut gears and full ball bearings allows the operator to adjust to mowing conditions with ease.

ULTIMATE POWER

Rugged Kawasaki FJ180V KAI engine is built for every day professional use. A high capacity air filter and spin on oil filter extend the time frame between maintenance intervals.

Gravely Residential Mowers

Zero-Turns

Homeowners that insist on nothing but the best for their landscape trust Gravely to get the job done right. With a wide selection of zero-turn mowers to choose from, there's a machine ideal for landscapes of all shapes and sizes. Complete with many of the features typically found on commercial units, the Gravely HD series features zero-turn technology which reduces the number of passes required to cut mowing time in half. Easy to maneuver and efficient, zero-turns are a smart investment for any homeowner with a medium to large yard that desire a mower that will be dependable for years to come.

GRAVELLY

- 4-point commercial style deck for lasting durability
- Rugged tapered roller bearings with 3/8" front caster forks
- Flip-up floor pan for easy access to the top of the deck
- Adjustable flip out control arms allow for easy access to and from the operating position
- 44", 48", 52", and 60" deck options
- Six anti-scalp rollers reduce turf wear
- 8 mph forward speed and 4 mph reverse speed
- 6 gal. fuel capacity
- High-back seat with armrests ensures operator comfort
- Foot operated deck lift system allows for easy adjustments

ULTIMATE POWER

Kawasaki® provides professional quality results. Each engine is built to last and comes backed by a 3-year manufacturer's warranty.

ULTIMATE DURABILITY

Hydro-Gear® ZT-3100 transmissions provide more torque with fewer parts to reduce leak points and maintenance over standard pump and wheel motor style transmissions.

ULTIMATE STRENGTH

Equipped with maintenance-free, commercial spindles with cast iron housings and sealed ball bearings engineered to withstand the elements.

COMMERCIAL

GRAVELY TECHNOLOGY: ENGINEER TESTED. HOMEOWNER PROVEN.

The deck of a ZT HD is fabricated from 10-gauge steel ensuring long-lasting performance that can handle years of use. It's also 5 1/2" deep in order to provide proper air flow to overcome challenging mowing conditions with ease.

A fully welded unibody steel frame constructed from 1.5" X 2.5" steel tubing is the same size found on professional mowers.

ZT XL Series

CREATE YOUR YARD ENVY

When a beautiful lawn is high on your priority list, you belong in the seat of a ZT XL. Built with commercial quality in mind, the ZT XL comes equipped with features typically found on more expensive, commercial equipment. Manufactured from 10-gauge steel reinforced with a wear strip for robust strength and durability, the ZT XL comes in three different sizes to accommodate the versatile needs of today's consumers.

- 4-point hanging deck system for unrivaled stability
- Flip-up floor pan for easy access to the top of the deck
- Adjustable flip out control arms provide easy access to and from the operating position
- 42", 48", and 54" deck options
- 4 anti-scalp rollers reduce turf wear
- 6.5 mph forward speed and 3 mph reverse speed
- 3.8 gal. fuel capacity
- High-back seat with arm rests ensures operator comfort
- Foot operated deck lift system for easy adjustments
- Cut of height is adjustable from 1.5" to 4.5" in 1/2" increments

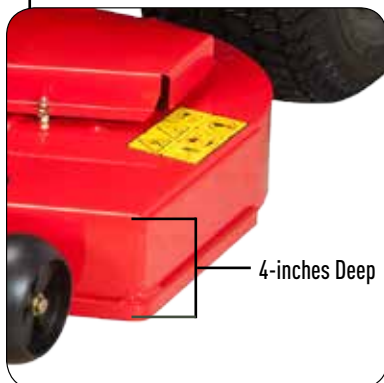

ULTIMATE PERFORMANCE

Hydro-Gear® ZT 2800 transaxles allow for smooth, variable control with a zero-turn radius and years of dependable performance with fewer leak points than other systems.

ULTIMATE RESULTS

10-gauge steel deck with reinforced wear strip provide unmatched durability while fostering increased airflow ensuring a clean, manicured cut with even dispersal of clippings.

ULTIMATE POWER

Kohler® 7000 Series engine provides ultimate power including PRO performance package for extra protection. Smart Choke™ technology combines for the most reliable easy starting technology.

915186	Kohler® 7000 PRO Twin w/Smart Choke 25 hp/725CC	48"
915188	Kohler® 7000 PRO Twin w/Smart Choke 25 hp/725CC	54"

A fully welded tubular steel frame constructed of 1" X 2" steel tubing provides superior strength over competitive frames which are often bolted together. The body is also wider with a lower center of gravity to improve stability and traction on varying terrain.

ZT Series

HOMEOWNER PRIDE

Show the pride you have as a homeowner with a flawless, manicured landscape. Equipped with a 12-gauge all-steel XLERator™ Deck, maintenance-free front castor fork bushings, and a 4-point deck lift system, a Gravelly ZT series mower is sure to provide years of super performance and a high-quality of cut that will leave your neighbors green with envy.

- 4-point deck lift system provides unmatched deck stability
- 12-gauge stamped steel XLERator™ deck with rolled lip
- Low center of gravity for increased stability and traction
- Adjustable flip out control arms provide easy access to and from the operating position
- 34", 42", and 50" deck options
- 6 mph forward speed and 3 mph reverse speed
- Deck washout port for convenient cleaning after use (42 and 50 only)
- Maintenance-free front caster fork bushings
- High-back seat with arm rests ensures operator comfort

ULTIMATE CONTROL

Foot operated deck lift with 7 cutting heights ranging from 1.5" to 4.5" is convenient and easy to operate.

ULTIMATE COMFORT

A high-back seat with thick, padded controls and dampened steering technology cradle the operator in comfort.

ULTIMATE STRENGTH

Heavy-duty c-channel steel frame with welded joints provides structural stability for increased strength and durability.

BENEFITS OF STAMPED XLERATOR™ DECK

- Designed using state of the art air flow technology to ensure an exceptional quality of cut regardless of whether you prefer to side discharge, mulch, or bag grass clippings.
- 12-gauge stamped deck design minimizes welds and provides a smooth underside without seams and fewer sharp corners.
- Rounded corners distribute impact stress to reduce the potential for damage if the unit comes in contact with trees, rocks, stumps, curbs or other fixed objects.
- Deck design requires less horsepower to place less stress on the belts and drive system while reserving more power for tough cutting jobs.
- Improved blade overlap reduces striping occurrences for a professional, finished appearance.
- Tunneled cutting area allows for a larger capacity of grass movement towards the discharge opening to reduce clogs.
- Extra-large discharge opening provides improved bagging performance.
- Comes supported by a 5-year limited warranty on the deck shell

**GRAVELY**

Residential Baggers & Accessories

3-Bag Powered Bagger

- 9-Bushel capacity
- Heavy-duty cloth bags
- Grass pump assist
- Available for ZT XL and ZT HD models

Non-Powered Bagger

- 6-Bushel capacity
- Higher air/grass velocity generated by the deck's geometric shape
- Power result without a grass pump assist
- Available for ZT Series models

Sunshade

Stay cool and protected from the sun during all-day mowing.

Suspension Seat Kit

Improve operator comfort with a suspension kit that's engineered to absorb the shock of rough terrain.

Floor Pan Mat

Reduce vibration in your feet and legs while protecting the floor with a heavy-duty floor pan mat.

Mulch Kit (XLerator™ Deck)

Advanced technology and design combine to foster exceptional air flow that pushes grass clippings back into the lawn for superior mulching results.

Operator Controlled Discharge Chute

Easily control the dispersion of grass clippings directly from the operator position to prevent clippings from being spread across walkways, flowerbeds, and other unwanted areas.

Chrome Wheel Covers

Add a touch of personalized detail to your zero-turn with chrome wheel covers available for both front and rear wheels in 6", 10", and 12" sizes.

48" TOW PLUG AERATOR

- Opens the soil to water, air & nutrients for healthier root growth
- 48" weight tray holds up to 175 lbs for increased soil penetration
- Eight spools of galvanized aerator knives are rustproof and durable
- 10" X 4" pneumatic tires facilitate smooth transportation
- Easy-to-use cantilever transport handle for easy raising and lowering

36" POLY ROLLER

- Can be used for multiple applications from packing down new seed to leveling uneven ground
- Lightweight when empty for easy transport
- Poly construction for rustproof durability
- 18" diameter X 36" wide

Gravely Chore

Specialty Cutters / Debris Collectors

Accomplish pesky tasks with ease and efficiency by utilizing Gravely chore products. Choose from a selection of specialty mowers engineered to overcome challenging mowing conditions and debris collectors to make quick work of tough jobs. Every product is easy to own, easy to operate, and supported by some of the best warranties in the industry. For more information on Gravely's collection of reliable chore equipment visit, www.Gravely.com.

POWERED BY KAWASAKI FOR SOME MIGHTY GOOD REASONS.

PRECISE SAE CERTIFIED HORSEPOWER

Tested, rated and expert-certified

INTERNALLY VENTED CARBURETOR

Correct, consistent air/fuel mix for power and response (DFI fuel injection available on select models)

POWERFUL FUEL PUMP

Optimum pressure and flow at full throttle and RPM

HIGH CAPACITY AIR CLEANER

Holds more dirt, moves more air

THREE-RING PISTONS, CAST-IRON CYLINDER LINERS

Triple-tight compression and iron-clad durability for the long haul

HEMISPHERICAL COMBUSTION CHAMBERS

Stronger fuel burn for maximum power per stroke

OVERHEAD V-VALVE TECHNOLOGY

Advanced valve design packs high performance into less space

PRESSURIZED LUBRICATION

Pushes oil into every part for full lubrication, deep cooling

ELECTRONIC SPARK IGNITION

Intense spark for quick starts, fast throttle response

AUTOMATIC COMPRESSION RELEASE

Easy starts with less stress on battery and starter

Kawasaki

Engines

According to lawn care pros, this is the best engine in the business: preferred nearly 2 to 1, top choice for reliability, performance, ease of maintenance, overall value, power, torque.* Just like Gravely, a Kawasaki engine is the right choice.

*According to survey of lawn care professionals conducted in June 2012 by Isometric Solutions, an independent research firm commissioned by Kawasaki Motors Corp., U.S.A.

PASSIONATE PEOPLE...ASTOUNDED CUSTOMERS

Gravely® is an Ariens® Company brand. Ariens Company has grown over its 80 year history to include premium brands in many segments of the outdoor power equipment industry. Ariens Company prides itself on invention, product reliability, continuous improvement, focus on the customer and pride in craftsmanship. To learn more about the different brands of products that Ariens Company offers, please visit WWW.ARIENS.COM.
