SMOOTH WITH THE ATLAS JSV'S MAINTENANCE-
FRIENDLY DESIGN AND SAFETY-FIRST MINDSET.

Routine maintenance is simplified with easy-to-reach dipstick and air filters, plus the Atlas JSV® carries a 200-hour maintenance interval. Safety never takes a back seat with back up horns, speed limitations and an optional tight sealing cab to minimize dust and moisture.

Bring more power, more versatility and more capacity to your jobsite. Your JSV is engineered to take a pounding with a heavy-duty suspension and driveline. Plus, newly designed jobsite ready tires deliver longer life on hard-pack surfaces. Throw in a tough as nails, 1250-pound capacity bed and you'll find top to bottom that the JSV performs like no other.

CHASSIS AND SUSPENSION

A one-piece chassis and independent rear suspension offers rigidity in the toughest work environments.

INTERIOR SPACIOUS DESIGN

Foot wells have been widened by 5 in. for easier egress/ingress for people with work boots.

ALL-STEEL JOB BOX
