

**INCREASING EFFICIENCY AND
SAVING TIME – ON THE BACK-END.**

Attached using a height adjustable 2" x 2" trailer hitch mount, the Arctic Plow Partner offers an independent power unit that is mounted to the plow lift frame. Operated with a two button pendant control in the cab, the Arctic Plow Partner puts the power to get into – and out of – those hard to reach spots, at your fingertips.

OPTIONAL ACCESSORIES

**POLY CUTTING EDGE
FOR SENSITIVE, NO SCRATCH
SURFACE CLEARING**

**TOUGHER
THAN A
CANADIAN
WINTER**

WHY CHOOSE STEEL?

Providing timeless performance and durability – Arctic's steel plow partner is constructed from 12 gauge hot rolled steel, and is reinforced with integrated arms to form a single, tremendously strong structural unit. The box configuration with end wings captures the snow and holds it until you want to let it go. All of Arctic's steel blades are dipped in galvanizing zinc coating for superior rust protection. Legendary strength and time-proven results, contact your Arctic Dealer for full details.
