

AIRFX™ MOWER DECK

**SUPERIOR QUALITY OF CUT | HYDRAULIC
FLIP UP | EASY TO MAINTAIN**

STEINERTURF.COM

AirFX™ Mower Deck

Delivering the durability and performance you've come to expect from STEINER®, the AirFX™ mower deck features an adjustable front lip to tackle all turf types and conditions. With a deep-deck, bullnose design and patented Air-Gap™ baffle system, the AirFX™ mower deck creates a vacuum that lifts the grass for a superior quality of cut. The extra large discharge allows for ideal airflow and a cleaner deck. A hydraulic lift provides the ability to raise and lower the deck from the operator's seat for height of cut adjustments and transport. In addition, an 80-degree hydraulic flip up allows for improved cleaning and maintenance.

- Available in 61-inch and 72-inch deck sizes
- Bolt on Baffles allow for the easy replacement of damaged baffles without the need for cutting or re-welding
- Easy to clean with belt covers that remove without tools and convenient blow-out ports
- Steiner QuickHitch™ attachment system for easy installation or removal in minutes without any tools
- Striping rollers provide a more finished look for enhanced visual appeal
