# THERE'S A NEW COLOR OF ENVY: ORANGE.

Green had a nice run. But when it comes to a beautiful, envy-evoking lawn, you can't beat what an orange Ariens delivers. You'll feel it while you mow. Your neighbors will see it when you're done. Strangers will pass and know something special created that perfectly cut grass. And should they pass while you're on your Ariens, it'll hit them the way it's been hitting people since 1933. They too will become orange with envy.

ARIENS

# ARIENS OWNERS LOOK FORWARD TO THEIR WEEKENDS.

Unless of course, they mow during the week. That's because mowing on an Ariens hardly feels like work. We've always made comfort as much a priority as performance, and we build plenty of both into every Ariens mower. Our ergonomic designs and intuitive controls will have you wishing you had more acres to mow. If you must, we're pretty sure your neighbors won't mind.

# ZERO TURN WITH LOTS OF OPTIONS.

Whatever your acreage, no matter your terrain, whether obstacles are plentiful or few in number, there's an Ariens mower perfect for you and your lawn. Every model in the American-engineered, hand-assembled Ariens line carries the same craftsmanship. Which is probably why every Ariens owner carries the same pride.

## **SMALLER LAWNS ALSO DESERVE BIG PERFORMANCE.**

It may be our most compact model, but it's still loaded with quality and performance – just like you'd expect from an Ariens. Thanks to its intuitive controls, the EDGE helps you maneuver in, around and through smaller yards with a fast, clean cut. But don't let its size fool you, this mower was built to impress.

### **MOWER DECK**

Choose from a 34-inch stamped deck, or a 42 or 52-inch fabricated deck.

### **COMFORT**

The high-back seat with natural airflow enhances operator comfort while keeping you cool.

### **DECK SYSTEM**

A four-point deck lift system offers unmatched stability and consistent cutting.

### **COMPACT DESIGN**

34" deck design is sized to fit through standard gates and strong enough to handle medium-sized yards with ease.

### **INTUITIVE CONTROL**

The foot-operated deck lift offers quick and easy cutting height adjustment.

ARIENS

# WORLD-CLASS PERFORMANCE BUILT THE AMERICAN WAY.

Henry Ariens started building lawn equipment in 1933 with nothing more than American ingenuity, a strong work ethic, and a strong dedication to his customers.

That commitment paid off as those customers kept coming back year after year, and eventually decade after decade. That's how things are done in the Midwest. You work hard, build to the best of your ability, treat your employees with respect, and never take your customers for granted. We are proud to say every riding mower that carries the Ariens name is designed and built in the U.S.A.

We hope you'll be just as proud to own one.
