

102" & 108" Snowblowers

Our Industrial Snowblowers are ready to work for you when the snow starts to fly! Standard features on this blower include, Orbital Motor Hood Turner, 1/2" thick re-enforced fan blades, 3/16" thick fan housing and body, 7/16" thick end plates, 3/4" thick A frame and hitch clevis, and #80 heavy roller chain for the auger drive. The hardened and ground gearbox shafts and gears, as well as shear bolt protection on the PTO and auger drive, ensure many hours of trouble free blowing. With this strong and durable piece of equipment, you know this machine will be tough enough for any job put to it!
