

# CROPMASTER

HP 30-50

**SOVEMA**  
S.p.A.

**On independent frames, the Sovema pull type finger wheel V-rake is available with 10-12-14 wheels.  
Designed for all types of terrain providing the coverage and consistency that you require.**

*wheel rakes*

The heavy duty raking wheels have a very durable and attractive gold-colored plated finish instead of paint. General hardware and some smaller components are also plated to match this theme. All wheel hubs have tapered roller bearings instead of ball bearings. Each rake wheel hub has grease zerks to make routine lubrication tasks quick and easy. The adjusting ratchet on the rear makes windrow adjustments easier. Very desirable performance features and it's attractive looks make the Sovema CROPMASTER V-rakes a wise choice.

*Optional sturdy tandems*

Mod.	Raking Wheels	Ground Wheels	Raking width	Transport Width	Weight	HP
			ft. - cm	ft. - cm	lbs. - kg	
<b>CROPMASTER 10</b>	10	4	21 ft 6" - 645	8 ft 3" - 250	3252 - 1478	30-50
