

# CRADLE TANKS

## HORIZONTAL SINGLE WALL AST

### ULC S601

The Single Wall Above Ground Storage Tank (AST) has been an excellent alternative to overhead tanks for many years coast-to-coast.

It is engineered to provide user friendly storage options for flammable and combustible liquids for a long list of applications. Easy to use and install, its single wall storage system complete with low welded cradles and additional pump fitting makes fluid transfer options simple. Best of all it is manufactured by Westeel to provide years of worry free service.

#### IMPORTANT FEATURES

- Durable all steel construction in a horizontal design
- Heavy gauge tank shell
- All exterior surfaces prepared with a chemical wash and finished with a rugged and durable weather-resistant powder coat white
- Heavy duty lifting lug(s) supplied for easy installation and tank placement

#### OPTIONAL EQUIPMENT

- Fluid transfer and metering equipment
- Locking vent caps, nozzles and bulk hose
- Durable all steel construction drip pans to provide secondary containment

#### ACCORDANCE COMPLIANCE

- CAN/ULC-S601-07
- National Fire Code Compliant

#### TYPICAL APPLICATIONS

- Petroleum refueling facilities – agricultural fleet and equipment
- Petroleum processing – oil and gas chemicals, enhancers, additives

#### STANDARD FEATURES

01. 4" emergency vent
02. 2" NPT spare fitting
03. 2½" NPT fill/vent fitting with lockable cap
04. 2" pump fitting (pump optional)
05. 1½" NPT drain fitting
06. Welded cradle

Note: Lift lugs or handles are not to be used to move tank while containing product.
