ATV and Utility Disc

Tufline's ATVD series all terrain vehicle discs are designed to work behind ATV's, small garden tractors, and off road farm/sport utility vehicles. These heavy built units are ideal for wildlife food plot preparation and ground breaking for garden and turf development. Each series is engineered with features that make them unlike anything on the market. From adjustable gang angles and cutting widths to optional wheel lift actuators, Tufline has put 50 years of agricultural experience into designing the best ATV disc on the market.

ATVD Series 2

Designed for 300 & 400 cc ATVS
52" Cutting width
2" Square tubing main frame
Adjustable gang angle
16" Notched disc blades with sealed bearings
Ratchet lift for transport & depth control
Optional electric actuator available for Series 2
1 7/8" Ball coupler hitch, 2" coupler optional

ATVD Series 1

Designed for 450 cc & larger ATVS
52" & 64" Cutting width
64" Cutting width requires 600 cc ATVS
3" Square tubing main frame, Adjustable gang angle
16" Notched disc blades with sealed bearings
Ratchet lift for transport & depth control
1 7/8" Ball coupler hitch, 2" coupler optional

ATV Flip Series

Designed for 250 to 400 cc ATVS
52" Cutting width
Weight tray for additional weight if needed
16" Notched disc blades with cast iron greasable bearings, Fixed gang angle and 1 7/8" Ball coupler hitch

UTD Series Offset Disc

Designed for 600 cc ATVS and above or compact tractors, 42", 48" & 52" Cutting width, 3" Square tubing main frame, Adjustable gang angle
16" Notched disc blades with sealed bearings
Crank type lift for transport & depth control
Optional electric actuator available for UTD Series
1 7/8" Ball coupler hitch - 2" Coupler optional

Optional Equipment

Part	Description
14622	Electric Wheel Lift Actuator Kit for ATVD7816-2 Only
14623	2" Ball Receiver Hitch (not available on ATVFD7816)
15332	Electric Wheel Lift Actuator Kit for UTD Series

Box Blades

ATVB - EL42

ATVB - 48

ATVB Series Box Blades

Tufline's ATV Box Blades are ideal for all types of scraping and leveling jobs. Whether it is road or trail maintenance, feed lot cleaning or site preparation these rugged units can handle the job. A replaceable cutting edge is standard on all units. The lever control wheel transport system offers five height options. The ATVB series is offered in 42" and 48" widths and is suggested for 300cc and larger ATV's.

- Designed for ATVS & Lawn tractors
- 2" Square tubing frame with 1/8" plate box frame
- Tires: 2 - 400 x 4 tires with sealed bearings
- Manual adjustment wheel lift and height adj. standard
- Electric wheel lift and height adj. optional (EL Series)
- 1 7/8" Ball receiver hitch standard or 2" ball hitch optional

Model #	Width	Weight
ATVB-42	42"	195#
ATVB-48	48"	205#
ATVB-EL42	42" Electric	195#
ATVB-LR48	48" Electric	205#

Optional Equipment

Part	Description
14623	2" Ball Receiver hitch

Land Planes

ATVLP - 60

ATVLP - 48

ATVLP Series Land Planes

Tufline's innovative ATV Land Planes are unique implements designed for fast efficient grading of camp roads, driveways, and many other farming, estate, sportsman and equestrian applications. Tufline's ATV Land Planes are available in 48" and 60" widths and designed with the same quality materials and components as our rugged line of tractor implements. The ATVLP Land Planes offer a heavy main frame and dependable wheel transport carriage and a dual cutting edge system allowing down pressure adjustment for consistent leveling.

- Designed for ATVS & small tractors
- Tires: 2 - 480 x 8 tires with sealed bearings
- Ratchet adj. for wheel lift and height adj. standard
- Electric wheel lift optional
- 1 7/8" Ball receiver hitch standard or 2" ball hitch optional

Model #	Width	Weight
ATVLP-48	48"	365#
ATVLP-60	60"	415#

Optional Equipment

Part	Description
14622	Electric Wheel Lift Actuator Kit
14623	2" Ball receiver Hitch

Cultipackers

ATVSFT

UC20

UC30

BCP 1216

ATVBCP Series Cultipacker

Tufline's culti-packers help form a firm seedbed maintaining a uniform planting depth and allowing maximum seed to soil contact for better germination. This ATV drawn model features the same cast iron notched wheels as our tractor models and is built with a heavy duty 3" square steel tube mainframe.

52" ATV pull type with 1 7/8" ball coupler
2" coupler optional
13 - 16" x 4" cultipacker wheels

Model #	Width	Weight
BCP1216	52"	729#

Optional Equipment

Part	Description
14626	Clevis hitch
14623	2" Ball Receiver hitch

UC Series Utility Dump Carts

Tufline's Utility Dump Carts are adaptable to many uses from landscape applications to camp hauling requirements in the deep woods. These carts, built rugged with a heavy gauge steel main frame and equipped with all terrain flotation tires. They are perfect for any tough hauling job you may encounter.

Designed for ATVS & Lawn tractors
Formed metal main frame
Hi-strength plastic trailer bed

Tires: 18" x 9.5 (UC20) - 24" x 10.5 (UC30)
Aggressive high flotation all terrain tires
2" Ball receiver hitch standard
UC Series subject to production availability

ATVSF Series Spreaders

Tufline's SF300 ATV Spreader comes with a speed sensitive dispersion system for even distribution and reduced waste. It spreads evenly up to 35 feet and offers a dual lever control for left or right dispersion or a full 180-degree spread pattern. The SF300's wide wheelbase and turf tires provides stability in all terrains.

Designed for ATVS & Lawn tractors
600 lb. Load capacity
8" Wide turf tires
Spreads up to 30' with dual lever control
Heavy cast gearbox with easy slide disengagement
Heavy frame and wheel system with high strength spindles
1 7/8" Ball hitch standard, 2" ball hitch or
Clevis hitch optional

Model #	Weight
SF300T	195#

Optional Equipment SF300T

Part	Description
