

8010/8020 HARVESTING DUMP WAGON

Lift Efficiency To A New Level

Short harvest windows don't leave time for the inefficiency that comes with unhooking conventional wagons or waiting on trucks to return. Fortunately, a Sunflower 8010 or 8020 Dump Wagon can keep your haying or forage operation running at peak capacity. Available in single-axle (8010) or auto-steer (8020) configurations, both models feature a rugged undercarriage and a reinforced box design that handles loads up to 20,000 pounds. Yet, the side-dump system reaches out to put the load in the center of the truck box in one minute or less. Thanks to large flotation tires, an 8010 or 8020 Dump Wagon can also reduce the amount of field compaction caused by truck traffic during a wet year.

Sunflower - The Ultimate Answer

› Single axle or Auto-Steer

- 1. POSITIVE ACTION ROOF OPENER** - Patented hydraulic lock cylinders lock the box at dumping clearance height for solid, complete and controlled dumping.
- 2. DIAGONAL SIDE SYSTEM** - Allows truck drivers close access to the dump wagon and reaches out to put loads in the center of the truck box.
- 3. BOX STABILIZER CYLINDERS**
- 4. OPTIONAL 6" RISER**

8010 & 8020 DUMP WAGON FEATURES:

The wagon with the 1 MINUTE DUMP CYCLE*

- Unload large loads of up to 20,000 lbs.
- Smooth interior box sides
- Reinforced box design
- Patented hydraulic lock cylinders lock the box at dumping clearance height for solid, complete and controlled dumping

* Dump cycle time depends on hydraulic supply output

8010/8020 DUMP WAGON SPECS

MODEL	8010-750 (SINGLE AXLE)	8020-750 (AUTO-STEER)
Length of Box (m)	12' (3.7)	12' (3.7)
Capacity With Roof cu ft (cu m)	750 (21.2)	750 (21.2)
Capacity Without Roof cu ft (cu m)	550 (15.6)	550 (15.6)
Rated Load Capacity (kg)	20,000 lbs. (9072)	20,000 lbs. (9072)
Dumping Clearance (m)	11'-4" - 11'-10" (3.5-3.6)	10'-9" (3.3)
Dumping Clearance With 6" Riser (m)	NA	11'-3" (3.4)
Ground Clearance (mm)	24" (610)	15" (381)
Loading Height (m)	10'-7" (3.2)	9'-10" (3)
Tread Width (mm)	112" or 120" (2845 or 3048)	109" or 120" (2769 or 3048)
Height With Forage Roof (m)	13'-7" (4.1)	12'-10" (3.9)
Forage Roof Height (mm)	30" (762)	30" (762)
Lift Cylinders (mm)	4"x 78" (101x1981)	4"x 78" (101x1981)
Lock Cylinders (mm) Recommended	2"x 30" (51x762)	2"x 30" (51x762)
Hyd. Fluid Flow GPM (LPH)	15.8 (60)	16.1 (61)
Dump Cycle	1 minute	1 minute

Note: Above specifications may vary slightly based on tires, hydraulic system, or other possible variances.

We are continually striving to improve our machines; therefore, these specifications are subject to change without notice.
