There for the Long Haul.

The Work Ready™ Brandt UBE518 and UBE720 low-profile flatbed trailers deliver superior capacity to get your equipment where it's going, every single day. These rugged models work as hard as you do, while taking all the punishment you can dish out.

① Easier to Own

Brandt trailers are backed by the best support in the business to make ownership stress-free:

- Flexible purchasing options include rentals, rental purchasing, leasing, and conventional financing.
- Extensive coast-to-coast dealer network ensures parts and service are easily accessible, anywhere in Canada.
- Reliable design and long-lasting components reduce total cost of ownership.

② Easier to Operate

These trailers are designed for fast, effortless loading so you can start working sooner:

- Bolt-on key components are easily replaceable for fast maintenance, making this a fully serviceable design for maximum uptime.
- 24" x 60" ramps (UBE518) and full-width ramps (UBE720) accommodate equipment with ease, ensuring superior versatility.
- Standard tool tray located in the tongue of the trailer provides convenient storage and access to tools.

③ Safer

Safety is critical on the jobsite, so these models are designed with key features to maximize operator protection:

- Dependable 5200 lb axles (UBE518) and 7000 lb axles (UBE720) are standard on all configurations to ensure positive hitch weight distribution and overall stability when hauling concentrated heavy payloads.
- Standard lower side step and bi-fold, full-width spring-assisted ramps with a knee support allow operators to work safely.
- Premium fir decking provides better traction for the operator in wet and frozen conditions and reduces wear over time.

Powerful Value. **Delivered.**

Brandt

LOW-PROFILE FLATBED TRAILER FEATURES & SPECIFICATIONS

EZ Lube Torflex Axles

Equipped with forward self-adjusting electric brakes, the Dexter EZ-Lube Torflex axles ensure easy maintenance and less wear and tear to the important parts of the trailer.

Powder Coat or Galvanized Finish

Keep your trailer looking and performing better for longer with a powder-coat or galvanized finish to retain resale value.

Premium Protected Wiring

Built-in, protected wires on the inside frame are protected from the harsh on-road elements, reducing maintenance costs on the electrical system from wear and tear.
