

## G14 Mobile Generator

The bridge between the portable and mobile generator

The G14 is a single phase 13.5 kW mobile generator designed for job sites where fuel economy and long run times are necessary. The programmable controller allows for customization along with maintenance reminders and alarms for ease of use. Serviceability of the machine is made easy by the access through the removable doors and single side service. The compact footprint along with the folding tongue minimizes transportation which allows for maximizing storage space.

### Highlights

- G14 Long Run Time
- Compact Cabinet and Easy to Transport
- Powerful Alternator

### Technical Data

#### Generator

Insulation class	H
Output current 1~	56.2 A
Voltage accuracy	1.0 %
Gen. Rating 1~ (Cont.) [kVA]	13.0 kVA
Generator Manufacturer	Mecc Alte
Generator specification	AVR without Brushes

#### Engine

Engine type	Diesel engine
Cylinder	3.0
Kraftstofftyp	Winter Blend Diesel No. 2
Exhaust-gas limit	EPA Tier 4 final

Battery Cold-start current CCA	650.0 A
Engine Manufacturer	Kohler

#### Environment Data

Sound level LpA	63.4 dB(A)
-----------------	------------

#### Operating Fluids

Fuel consumption (Prime load)	4.1 L/hr
Run Time (Prime Load)	54.7 hrs

#### Shipping and Storage

Shipping weight (with Trailer)	780.0 kg
Length shipping (with Trailer)	2,222.0 mm
Width shipping (with Trailer)	1,479.0 mm
Height shipping (with Trailer)	1,628.0 mm
