## EVERYTHING YOU NEED IN ONE BOX TO OVERHAUL YOUR BW15 SERIES BATWING®.

The off-season is the perfect time to go over your mowers and cutters to address any issues that may result in down-time when it's go-time. Most times it calls for a replacement of the major wear components. So in an industry first, now all the major wear components are available in one kit as one part number, and priced 10% lower than if you were to purchase the individual components.

## FEATURES

- **Greater Savings** – Save 10% on a kit versus purchasing the individual parts.
- **Reduced Downtime** – Reduce in-season downtime, or eliminate it altogether, by replacing all major wear components in one pass.
