

2.54m [10ft] 2.50m/AUS

22.5ft (6.85m)

2250 ULTRA CENTRE CAB

2 years in design, 32 years in evolution and certifiably rough water tested circumnavigating Stewart Island deep in the Roaring Forties.

The idea for the 2250 range was primarily born through social media feedback after the 2750 Centrecab started gaining traction. Our customers and fans wanted the function of a full walkaround on a scaled down hull making it a more affordable and manageable boating option.

We have given the 2250 design its own purpose. Staunch, aggressive, sharp lines that scream adventure. Stabicraft® has a history of taking functional concepts, like the buoyancy chambers, and giving them their own style. It's by no means conventional, but certainly unique, aggressive and tough.
