

# FTR

modern golf cars

## MODEL 2

### PREMIUM IS THE STANDARD

#### TECHNOLOGY TO POWER YOUR GAME

Crafted with the Customer in mind, the FTR Golf Car ushers in a new era of technology and style that captures everyone's attention.

As you settle into the seat, grasp the premium leather steering wheel, and accelerate, you'll be immediately engaged.

FTR Golf Cars are more energy-efficient than traditional carts, allowing you to extend your driving time between charges with a state-of-the-art 370-watt FTR Solar Drive canopy and a sophisticated LiFePO4 Battery Pack.

Even on sunless days, FTR Cars can be plugged into any 110 outlet, reducing your charging time by one-third compared to standard lead-acid batteries.

Maintenance is minimal, giving you more time for yourself!

We aim to streamline your experience, save you time, and lessen your carbon footprint all at once.

#### Premium Seating

Premium Leather Seating offers comfort and function while you play

Available in Two Tone or Black

#### Power to Run all Day

FTR GOLF Flagship Solar Drive Roof system provides 370 watts back into your game. Our Cars run longer while keeping your carbon footprint down and your course greener than the rest.

#### Stylish Ride

Stock 14" Aluminum Rims in a variety of Designs and Colours. Letting you ride in style and comfort.

Available in Black or Chrome

# Technical Specifications
