QUICKEST ACCELERATING.**
TRAIL PERFORMANCE: PGS. 18-21

INDY[®]
LEGENDARY PERFORMANCE. SIMPLY FUN.
PERFORMANCE: PGS. 22-25

VOYAGEUR[®]
LIMITLESS POSSIBILITIES.
RECREATIONAL UTILITY: PGS. 26-29

TERRAIN DOMINATION[®]

Polaris[®] Snowmobiles are about allowing riders to do anything and go anywhere they want because of their Polaris sleds. We get them on the Best Sleds built by the Best Team and deliver the Best Experience. We design Polaris Snowmobiles with four key design philosophies in mind: Rider-First, Confident Control, Quick & Responsive, Proven Quality & Reliability.

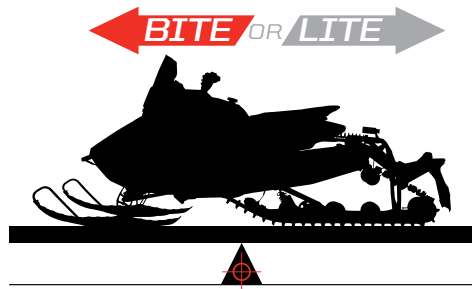

RIDE COMMAND APP AND POLARIS INTERACTIVE DIGITAL DISPLAY INTEGRATION

RIDER FIRST

Quite simply, it's about delivering you the best sled. Sleds purpose-built for where you ride and how you ride. Built with innovative technology and exclusive customization to give you the perfect sled, designed specifically for you.

SNOWCHECK EXCLUSIVE CUSTOMIZATION

CONFIDENT CONTROL

We strive to build sleds with the perfect Rider Balanced® position depending on your style of riding, with front suspensions that eliminate bump steer and rear suspensions that provide just the right amount of weight transfer. Sleds that handle intuitively, confidently, and let you ride longer. And sleds that are purpose-built for your riding.

RMK® AXYS® CHASSIS

800 H.O. CLEANFIRE® ENGINE

QUICKDRIVE®
LOW INERTIA DRIVE SYSTEM

QUICK & RESPONSIVE

We know that a sled that is light and responsive is the most fun to ride. We build them with the best power-to-weight in the business and the proven, quick-revving Cleanfire® engines to give you a light and lively ride. Engineering your best ride ever.

PROVEN QUALITY, RELIABILITY & PERFORMANCE

At Polaris we are driven to provide the best quality, reliability and performance in powersports. It's the core of what we do. We're confident in our sleds, and so is the industry. Our AXYS® platform sleds continue to win magazine honors and post top speeds and quickest E.T.s at the AmSnow New York Shootout.

SEE  **A NEW WAY UP**

RMK®

LIGHTEST. STRONGEST. MOST FLICKABLE.

INSTANTANEOUS LIFT

The combination of the raised, lightweight AXYS® chassis, the rigid RMK® rear suspension, the powerful 800 H.O. Cleanfire® Engine and Polaris-exclusive track designs pop the RMK® on top of the snow.

RIDER BALANCED® CONTROL

The AXYS® RMK® maintains the RMK's renowned Rider Balanced® positioning that delivers ultimate control while the compact AXYS® body design allows you to hold the steepest sidehill lines without constant correction.

IMMEDIATE RESPONSE

The world's lightest mountain sled at 408 lbs. Built on the light and rigid AXYS® Chassis, this sled is incredibly responsive to rider inputs allowing you to change direction and maneuver confidently in all conditions.

RMK®

LIGHTEST. STRONGEST. MOST FLICKABLE.

PRO-RMK®

THE ULTIMATE DEEP SNOW SLED

KEY FEATURES:

- > 800 H.O./600 Cleanfire® Engines
- > Series 6 2.6" and Series 7 3.0" Tracks
- > Walker Evans® Shocks
- > QuickDrive® Low Inertia Drive System
- > Narrow ski stance

SEE  BEYOND WHERE OTHERS TURN BACK

SWITCHBACK®

SMOOTHEST RIDING. MOST VERSATILE.

RIDER ← BITE OR LITE → BALANCED® CONTROL

By placing the rider in the right location on the sled, we've built a sled that corners flat without sacrificing the fun factor. More precise handling both on trail and off-trail.

UNRIVALED ACCELERATION

When developing the AXYS® platform, Polaris engineers minimized weight throughout the sled without compromising strength. The 800 Switchback® PRO-S is the lightest sled in its class and dominated the competition showing its unrivaled acceleration at the AmSnow New York Shootout.

RIDER-CENTRIC COMFORT

Ergonomic controls, integrated storage, enhanced wind protection and industry-first LED headlights, ergonomics and comfort are woven directly into the AXYS® platform's design.

SWITCHBACK®

SMOOTHEST RIDING. MOST VERSATILE.

SWITCHBACK ASSAULT®

ULTIMATE BACKCOUNTRY CROSSOVER

KEY FEATURES:

- > 800 H.O./600 Cleanfire® Engines
- > IGX 144 Rear Suspension
- > 1.35" Cobra Track or 1.6" Cobra or 2" Series 4 at SnowCheck
- > Walker Evans® Piggyback Needle Shocks
- > PowderTrac™ Hybrid Running Boards

PRT
RACE TECHNOLOGY

NEW
MODEL
800 SWITCHBACK® XCR™

Meet the Polaris Titan™, the industry's most capable extreme crossover sled. Carve backcountry, hit the trail, and haul or tow with power and ease thanks to industry-leading handling and rider-centric innovation. Do more and go further than ever before, only with Polaris Titan™ – the first extreme crossover sled built exclusively to put an end to compromise.

SEE  **BOUNDARIES DISAPPEAR**

TITAN™

WORLD'S MOST CAPABLE CROSSOVER.

RIDER BALANCED® HANDLING

The AXYS® Titan Chassis positions the rider for Rider Balanced® Control in all riding situations and delivers unmatched handling in even the world's most extreme terrain and conditions.

DEEP SNOW AGILITY

The Polaris Titan™ delivers unmatched flotation and agility with the AXYS® chassis. Featuring an articulated rear suspension design that requires no adjustments to go from 2-up to towing large loads and a design that allows you to easily backup over obstacles.

UNMATCHED CAPABILITIES

The Polaris Titan™ is equipped with rider-centric innovations to dominate in the most extreme conditions. Titan offers unmatched cargo carrying and towing capabilities, along with innovative storage solutions. The new Power Boosting Regulator delivers maximum electrical power at idle and low RPMs for comfort and convenience.

TITAN™

NEW
MODEL

800 POLARIS TITAN™ XC

WHAT MAKES THE POLARIS TITAN™ WORK:

LOCK & RIDE® STORAGE PLATFORM

Integrated design allows for maximum storage, with or without passenger seat. Industry-leading carrying capacity of 85 lb. (38.5 kg.) and integrated Lock & Ride® mounting system holds cargo box and other storage accessories.

ALPHA TRANSMISSION

Provides smooth shifting and drive ranges to suit even the most extreme conditions or situations. 1200 lb. towing capabilities with High, Low, Reverse, and Neutral.

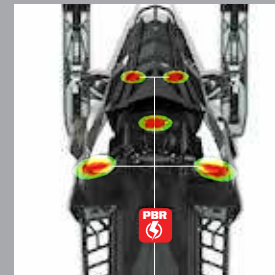

COOLING SYSTEM WITH RADIATOR

World's most robust performance snowmobile cooling system. Radiator and fan design ensures reliable engine operation when sled is being ridden in extreme or low-snow conditions.

POWER BOOSTING REGULATOR

Matched to our proven 800 H.O. Cleanfire® engine, this industry-first delivers maximum electrical power at idle and low RPMs. Ensures electrical power for rider comfort and convenience features, such as accessory heated seats, hand-warmers, battery charging and other accessories.
