

HWP-160 Firewood Processor

HWP-160

Perfect for commercial use, the HWP-160 truly makes the job hassle-free. When attached to a skid steer or other machine, it enables one person operating it to easily and efficiently perform wood cutting and splitting tasks. All from the comfort of the cab. Take the processor to the wood, instead of having to bring the wood to the processor! The mobility and efficiency of these Firewood Processors is a time saver!

HWP-160 Firewood Processors

Specifications HWP-160
