FORESTRY WINCHES

Twenty years in the forestry winch business has given Harco a tremendous insight into the needs of customers in Eastern Canada and U.S.A. We have designed our Big Jim series winch with that in mind and came up with a winch that is stronger in several areas & is more ergonomically appealing to the customer. Our brochure lists many significant improvements in winch design and we are sure you will find much lower cost of service and repair as the Big Jim Winch uses North American bearings, drive chain & sprockets.

TOP SOIL SCREENER

Advantages:

5 year's experience using competitor's models and our earlier prototypes (approximately 200 MT processed prior to arriving at our own design.)

Fast, convenient moving, insert loader bucket into twin forks on discharge side.

Also twin loops for chain lifting at approximate balance point.

Oli vibrator 110V standard, purchaser to complete electrical wiring for their requirements and local codes. Can be operated with 110 extension cord, generator or inverter.

Vibrator frame and tension springs mounted in rubber blocks.

Screen hinge pins mounted in rubber blocks (use of isolating rubber mounts reduces vibration loss through main frame keeping as much vibration on the screen area as possible)

Tension springs have six adjustments to set angle of screen and tension on the screen assembly.

Screen with ¾" openings has two centre flat bar hold-downs and two angle iron hold-downs on each side to prevent run-off.

Screenings drop into ample holding area approximately 9 feet wide x 4 feet high for easy access with buckets up to 8 feet wide.

Priced in Cdn funds - $6,995.00 + tax

SCHMEISER Farm Equipment

SMART-TILL

New vertical tillage concept by HCC Inc. features patented self sharpening tines in a three tine configuration followed by adjustable rolling harrows.

Unit can be purchased less the rolling harrows. Machines with harrows can be operated with harrows lifted or with varying rates of penetration and different angles allowing for varying finish results.

Extremely heavy frame and tongue provide excellent downward pressure. At the same time the rolling aerator tines are protected from impact by 'C' shanks.

Dual wheels are standard on all machines.

WARRANTY POLICY GUIDE
ATHENS PLOW COMPANY, INC.

A. The Purpose of Warranty

Warranty assures the purchaser that should a defect in material or workmanship occur during the warranty period, Athens Plow Company, Inc. will assume specific repair responsibilities, as listed in the warranty statement. The warranty statement is to be provided to each purchaser of each piece of new equipment. Warranty begins on the date the product is delivered to the original purchaser of the product. Once the warranty period has begun, it cannot be stopped or interrupted.

B. Dealer Responsibilities

The following responsibilities are to be performed when the dealer delivers a product to the purchaser or otherwise places it into warranty service:

1. Complete the Warranty Registration Form and forward to Athens Plow Company, Inc. within 30 days of the sale of the product. Warranty reimbursement is contingent upon product registration.
2. Review warranty statement, operator's manual and complete delivery report with purchaser to assure understanding of purchaser's responsibilities as related to warranty, service and the proper and safe operation of the product. Purchaser should be advised to have failed parts repaired or replaced immediately upon failure and that continued use will result in additional damage and excessive wear.
3. Contact manufacturer prior to beginning repair or replacement of failed parts to make certain that the cost of repairs are consistent with the value of the product when sold. Warranty requests for units in dealer's inventory may be submitted to Athens Plow Company, Inc. when defects are noted in the product prior to the retail sale of that unit.
4. Provide warranty and service repairs as directed by Athens Plow Company, Inc. instructions.
5. All warranty work must be completed within 30 days of failure. Notify Athens Plow Company, Inc. if repairs will require more than 30 days after failure for an extension. No claim will be accepted for warranties that exceed this 30 day period.
6. No warranty will be allowed on units delivered to the retail customer prior to the full payment of that unit to the manufacturer by the dealer.
7. If diagnostic time is required, contact Athens Plow Company, Inc. prior to beginning the warranty repair for approval. Travel time reimbursement must be approved by Athens Plow Company, Inc. prior to beginning the warranty repair.

C. Athens Plow Company's Responsibilities

1. Reimbursement for parts used in warranty repair will be credited only when the parts are purchased from Athens Plow Company, Inc. Parts will be credited at dealer's net cost. No warranty will be allowed on parts that are past Due.
2. Dealer should use parts from their parts inventory first. In the event that parts must be shipped from Athens Plow Company, Inc., freight will be paid by Athens Plow Company, Inc. and will be shipped by the most economical means to arrive in the shortest possible time. Air, Next Day Air, Priority and other special shipment methods requested by the dealer will be at customer's expense.
3. Warranty Labor Reimbursement for labor expense to the dealer is made by payment of $35.00 per shop hour, or as regulated by state statutes. Repair times will be reviewed by Athens Plow Company, Inc. and may be adjusted to average repair time required by other dealers to make similar repairs.
4. Reimbursements for repairs made by outside sources (not dealer personal) will be made for those services deemed necessary for the resolution of the warranty by Athens Plow Company, Inc. Outside repair invoices must have approval from Athens Plow Company, Inc. and must be attached to the warranty claim after approval.

D. Other Warranty Provisions

The following guidelines are to be followed when performing warranty repairs:

1. In all cases, the most economical repair should be performed unless otherwise directed. Credit will not be allowed for assemblies if it is practical to make the repair with individual parts. In some cases, the assembly price may be less than the total of the parts and labor required to complete the repair. In those cases, an assembly may be used.
2. Only those parts provided by Athens Plow Company, Inc. are covered under warranty. The use of parts from other sources will not be eligible for warranty consideration.
3. All parts removed during warranty repair should be held for a period of 60 days after the warranty claim has been submitted to Athens Plow Company, Inc. These parts can be discarded if disposition or return request has not been made during this period. Parts that are returned upon request to Athens Plow Company, Inc. for which credit has not been issued can be returned upon dealer request within 30 days of claim disposition. These parts will be discarded after the 30 day period.
4. Athens Plow Company, Inc. reserves the right to deny or reverse any and all warranty claims for parts, labor, or miscellaneous charges when errors are found or warranty provisions are abused or fraudulent claims are submitted.

5. Warranty reimbursement is not possible:
   a. If parts returned are not cleaned and properly identified, or if they are damaged in return shipment due to poor packaging.
   b. When failure falls under the "limitations" as identified in the Warranty Statement.
   c. When Athens Plow Company, Inc. has requested the return of certain parts, assemblies or information and has not received material within 30 days of date posted on return request.
   d. On claims due to damage or shortage that are obviously the responsibility of the dealer or the delivering carrier.
   e. On the entire claim when the warranty policy and provisions are not followed.
   <u>All dealers will warranty their technician's work to the purchaser and will indemnify Athens Plow Company, Inc. from such claims.</u>

E. Use of Photos

Pictures should be attached to the dealer's claim when their inclusion will help identify the condition of the part being repaired or replaced, and thus assisting in the approval of the claim. In some cases, the use of photos may eliminate the need to return parts for evaluation. Photos will not be returned unless specifically requested.

F. Delayed Warranty Repairs

Warranty repairs should be scheduled and performed as soon as possible after notification of dealer and Athens Plow Company, Inc. There may be circumstances that require the use of the product for a short period of time by the retail customer or the availability of repair parts necessary to complete the repairs will require the work to extend past the 30 day period. In those cases, the dealer must notify Athens Plow Company, Inc. in writing of the extenuating circumstance and advise that the continued use of the product will not enlarge the warranty claim. These claims will then be processed as if the product is still within the warranty period.

G. Denied Claims

Dealers will be notified of a denied claim in writing that will state the reason for the denial. The dealer has the right to appeal this claim and must do so within 30 days of notification of denial. If there has been no appeal within the 30 day period the Claim will be considered closed.

LIMITED WARRANTY STATEMENT

Athens Plow Company, Inc. warrants each new Athens Plow Company, Inc. product to be free from defects in material and Workmanship. This warranty is applicable only for the normal service life expectancy of the product or components, not to exceed twelve consecutive months from the date of delivery of the new Athens Plow Company, Inc. product to the original purchaser. Athens Plow Company, Inc. reserves the right to make improvements in design or changes in specifications at any time, without incurring any obligation to owners of units previously sold.

Our obligation under this warranty shall be limited to repairing or replacing, free of charge to the original purchaser, any part that, in our judgment, shall show evidence of such defect, provided further that such part shall be returned within thirty (30) days from date of failure to Athens Plow Company, Inc., routed through the dealer from whom the purchase was made, transportation charges prepaid.

This warranty shall not be interpreted to render Athens Plow Company, Inc. liable for injury or damages of any kind or nature to person or property. This warranty does not extend to the loss of crops, loss because of delay in harvesting, or any expense or loss incurred for labor, substitute machinery, rental or for any other reason. Except as set forth above, Athens Plow Company, Inc. shall have no obligation or liability of any kind on account of any of its equipment and shall not be liable for special or consequential damages. Athens Plow Company, Inc. makes no other warranty, expressed or implied, and, specifically, Athens Plow Company, Inc. disclaims any implied warranty or merchantability or fitness for a particular purpose. Some states or provinces do not permit limitations or exclusions of implied warranties or incidental or consequential damages, so the limitations or exclusions in this warranty may not apply.

This warranty is subject to any existing conditions of supply which may directly affect our ability to obtain materials or manufacture replacement parts.

No one is authorized to alter, modify or enlarge this warranty nor the exclusion, limitations and reservations.
