Weberlane Hydraulic Tilt Trailer

The trailer that lets you down easy.

Weberlane's hydraulic Tilt-n-Load Trailer gets your business off the ground.

Because getting there shouldn't be a question.

The hydraulically-controlled platform angles low to the ground, so you can load your cargo and get back on the road.

Weberlane Tilt-n-Load Trailers

The trailer that lets you down easy.

The Weberlane hydraulic **Tilt-n-Load** trailer is anything but a letdown. The integrated ramps and engineered low-profile design come together to provide a gentle angle that is easier and safer to load and unload. Whether you're hauling your pride and joy or shipping cargo for a client, **Weberlane's Tilt-n-Load trailer** will make loading and unloading a little easier. Integrated heavy duty tie-down rings and a sturdy standard safety bar make it a capable and versatile hauler. The electric-powered hydraulics ease the deck into loading and travel positions without jarring the cargo.
