

New BOLD look for 2020 includes rearranged rear side seats for extra seating and stability, all seats covered in high density EVA for comfort.

UTILITY BOATS

Marlon Utilities are built with exceptional performance and lasting dependability in mind. As always we want to be different and better that's why our utilities are all welded hull, heavy duty extruded center keel with with four formed in bottom strakes for extra strength

Strongest transom in the industry comes with heavy duty transom supports. Designed and built for the growing number of heavier 4 stroke engines

**New for 2020
Optional center console, center rear seat and side console.
Available in the 14' and 16' Utility boats.
Convert your boat from a tiller to remote control.**
