The specific details of this brochure do not apply to any particular product supplied or offered for sale by CFMOTO®. CFMOTO reserves the right to vary specifications which are subject to change without notice. Images shown may include features that are not standard to the motorcycles in the US. Consult your dealer for details regarding the specifications of any featured product. Please note that model specifications may vary from country to country. The fuel consumption figures provided are based on test results obtained by CFMOTO, and actual fuel consumption may vary depending on how you ride, maintain your vehicle and tires, as well as weather and road conditions, installation of accessories, cargo weight, rider and passenger weight, and other factors. Read the Owner's Manual and review vehicle warning labels before operation. Get to know your machine and its capabilities. Brake in plenty of time. Always dress properly for your ride with a helmet, eye protection, and appropriate protective apparel such as a riding jacket or long-sleeve shirt, long pants, gloves and boots. Avoid excessive speeds and never engage in stunt riding. Observe good road manners and courteous behavior toward other motorists. Never ride under the influence of alcohol or other drugs; it is illegal and deadly. Always inspect your CFMOTO vehicle before riding. For safety and training information, see your dealer or call CFMOTO at 763-398-2690. The riders illustrated in the CFMOTO brochure are professional motorcycle riders. The photos were taken on closed racing circuits or closed roads. WE ALL HAVE TWO WHEELS IN COMMON.

Even when we're going in opposite directions, we ride together. Uncoiling country roads. Paving memory lanes. Flying without wings. CFMOTO is committed to including everyone, with ten models to rev the heartbeat of every kind of rider: The sport bike rider. The adventure seeker. The tourer. The purist. The café racer. The commuter. And like the people who ride them, they all have something in common. Head-turning design. State-of-the-art engineering. And world-class quality. And one more thing. A price that'll have you saying, "Now is the time!" We may come from different roads, but one thing is for sure. We all have two wheels in common.

WORLD-CLASS MOTORCYCLES AT DOWN-TO-EARTH PRICES.

Ready for another pulse-quickenning experience? Lay your eyes on the price. At CFMOTO we have a saying. Anyone can ride and everyone should. So when we meet people who yearn for the saddle like you, we have a duty to make motorcycle ownership your reality.

AT CFMOTO, COMPROMISE ISN'T PART OF OUR MISSION.

GLOBAL MANUFACTURER OF RECREATIONAL VEHICLES, PARTS, AND ACCESSORIES

Since 1989, CFMOTO has been a major supplier of engines, parts, and components for some of the biggest names in motorsports. With success comes opportunity. Today we are a major manufacturer of complete machines—motorcycles, ATVs and side-by-sides—with hundreds of thousands of vehicles sold all over the world every year. Here in the U.S., we have more than 600 dealers, making it easier than ever for enthusiasts like you to enjoy the sport of riding.

SPORT SERIES

NOTHING BEATS A ONE DOWN, FIVE UP DAY.

The gears in your head mesh with the gears of the bike. Riding does that to you. Shift. Especially in the moment. Shift. Approaching the curve. Shift. Leaning. Shift. Accelerating. Shift. Exiting. Shift. And gathering by the grin on your face, you want to go again. Shift. Go right ahead. The 300NK may be an entry-level motorcycle, but it's made to experience every shifting moment a rider could ever want.

300SS

THE ONE LIMIT
YOU WON'T
EXCEED
IS YOUR
BUDGET.

Small, light, and flickable describes the 300SS. Ignite the single-cylinder, liquid-cooled powerplant. Release the clutch. And head for the hills. Because that is where this little giant shines. As your right hand manages the throttle, your left foot dances with the gears. Corner after corner. Sticky tires cemented to the road. It's the best feeling on two wheels. But don't take our word for it. Leaning is believing.

CFMOTO RIDE APP. THE ULTIMATE DIGITAL GARAGE.

This app makes riding more fun, and you a better, safer rider. There's tons of info. From navigation details to riding records to diagnostics. Self Check is a systems scan of your entire motorcycle anytime, anywhere. My Ride shows details of every ride: total mileage, top speed, acceleration, cornering stats, even braking data. This is the information professional riders use to sharpen their skills. Now you'll use it to have more fun. There's even Vehicle Seek, the anti-theft feature that locates your vehicle in the event it's stolen. Download CFMOTO RIDE free from the App Store.
