

2024 Double Eagle 185

Hull ID ZBC07529K324

Ideally suited and outfitted for the sport fisherman, Double Eagle's are a general recreation watercraft. Superior construction and deep v hull designs ranging in size from 16ft - 20ft, Double Eagles smooth out the rough spots. Pull a tube, get some air on a board or land the big one, Double Eagles provide entertainment for the whole family.

Double Eagle Marine Inc. is a privately held manufacturer of general recreation, deep-V boats, ranging from 16 to 20 feet. Double Eagle is recognized to have one of the best open water hull designs in the Pacific Northwest. This recognition is not only because of a Double Eagle boats ability to handle the ever-changing conditions of the ocean but also because of its long-term durability.
