

PROV

180•200

More space. More control. More room to do what you want on the water. The ProV was made for anglers and crews who don't compromise. With over 85 square feet of open deck space and an available extended transom that keeps your outboard out of the way, the ProV helps you move confidently from first cast to full cooler.

It's time to chart your own course aboard a boat that gives you room to roam.
