

CAMSO
X4S
 FOR SIDE-BY-SIDE VEHICLES

Explore more for less

The Camso X4S track system has been designed to make the most of any outdoor activities on your small to mid-size side-by-side vehicle with 3 seats or less.

It is our most affordable and versatile UTV track system helping you and your family to get the job done around the cabin, while making the most of your recreational activities such as fishing and hunting.

The Camso X4S is the reliable choice to get you where you need to go any day of the year.

MACHINE
400 CC TO 700 CC
 SIDE-BY-SIDE

INDUSTRY'S FIRST

Flex-Track design

Front-mounted tracks with flexible sides and slight curve toward the inside

- Stable handling
- More comfortable ride than traditional flat tracks
- Precise steering for pleasant long-distance riding and long working hours

ENGINEERED

Solid steel frame

A geometry that provides better front steering and handling

Idler and mid-roller wheels

26 mm width provides better track support

- Double bearing bolted on wheels for easier serviceability
- Standard and replaceable sealed bearings for economic maintenance

Idler and mid-roller section view

Bearing housing

Double bearing design with oil bath lubrication

- Double bearing hubs and oil bath housing for optimum durability
