

RESIDENTIAL MOWERS

**HUSTLER®**

At Hustler Turf, we take pride in our machines just like you take pride in your lawn. Since 1964, we've been building zero-turn mowers that work as hard as you do. Our residential lineup is manufactured with the same quality equipment, durability, and reliability of our commercial units.

Plus, you can purchase with peace of mind knowing your equipment is backed by a network of 1,400+ authorized dealers ready to provide fast, friendly service and support.

# THE HUSTLER® ADVANTAGE

## SMOOTHTRAK™ STEERING

Developed over decades of experience. Precision control designed to help trim and maneuver easily around obstacles.

## INTEGRATED PARK BRAKE

Hustler was the first to integrate the parking brake into the twin-lever design. This design was patented for years and continues to be a great safety feature for operators.

## FABRICATED DECKS

Our fabricated welded-steel decks are designed to handle harsh conditions. Heavy-gauge steel and reinforced impact areas help prolong the life of the deck.

## TOUGH FRAMES

Fabricated welded-steel frames, thick front axles and forks with heavy-duty caster yokes help your mower last for years. Our frames are tested for thousands of hours on concrete test tracks with inclines and embankments.

## SIMPLE DESIGN

Who wants something you can't work on yourself? More engineering doesn't always mean more parts or more complexity. Quite the opposite. We engineer our mowers for easy serviceability with flip-up seat pans, removable floor pans, and vented pulley covers.

## PRECISION CUT QUALITY

Our decks are not only tough, but engineered to provide a clean, crisp cut. This comes from decades of learning how the airflow inside the deck stands grass blades up during the cut. The result is an even cut and defined stripes.

# DASH XD

## DASH XD

The Dash® XD is Hustler Turf's most compact residential mower designed for smaller property owners. The smaller design makes it ideal for garage storage and fitting through tight spaces like fence gates. One piece fabricated frame and welded steel deck come standard along with bolstered seat, Kawasaki® Power & BigBite™ tires.

DECK SIZE / ENGINE		
34"	15 HP*	Kawasaki® FR541
42"	15 HP*	Kawasaki® FR541

## PRODUCT FEATURES

- 1. FABRICATED STEEL FRAME**  
1" x 2" fabricated steel frame making it tough and durable.
- 2. FOOT OPERATED DECK LIFT**  
Easily adjust the deck height between 1.5"–4.5".
- 3. WELDED FABRICATED STEEL DECK**  
11 GA welded fabricated steel deck adds durability compared to a stamped deck.
- 4. BOLSTERED SEAT**  
Bolstered with built-in lumbar support.
- 5. 18" REAR DRIVE TIRES**  
We worked directly with the tire manufacturer on this design.
- 6. COMPACT SIZE**  
Easily fits through most gates to tackle fenced-in back yards. The small footprint makes it ideal for storing in a garage.
- 7. KAWASAKI® POWER**  
V-Twin Kawasaki engine
- 8. STANDARD ENGINE GUARD**
