

**Auger with Auger Drill**

|                      |                                        |
|----------------------|----------------------------------------|
| Size                 | φ 5.9-23.6 inch                        |
| Weight               | 154 Lb                                 |
| Depth                | 0-39.4 inch                            |
| Motor Displacement   | 14 oz/r                                |
| Drill Specifications | φ5.9 φ8.7 φ11.8 φ15.7 φ17.7 φ23.6 inch |
| Length               | 50.2 inch                              |

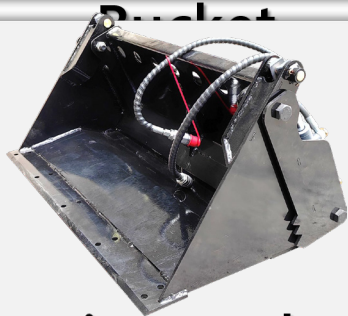

**Mixing Bowl**

|                    |                      |
|--------------------|----------------------|
| Size               | 21*28 inch           |
| Weight             | 115 Lb               |
| Rated Load         | 265 Lb               |
| Motor Displacement | 14 oz/r              |
| Max Mixing Volume  | 4.24 ft <sup>3</sup> |

**Mixing Bucket**

|                  |                      |
|------------------|----------------------|
| Size             | 28*34*23 inch        |
| Weight           | 364 Lb               |
| Rated Load       | 441 Lb               |
| Maximum Capacity | 3.18 ft <sup>3</sup> |

**4 in 1 Bucket**

|                 |                      |
|-----------------|----------------------|
| Size            | 42*24*19 inch        |
| Weight          | 231 Lb               |
| Rated Load      | 243 Lb               |
| Bucket Capacity | 4.24 ft <sup>3</sup> |

**Stone Bucket**

|                |               |
|----------------|---------------|
| Size           | 41*30*14 inch |
| Weight         | 159 Lb        |
| Pitch of Teeth | 3.4 inch      |

**Hydraulic Breaker**

|                         |                 |
|-------------------------|-----------------|
| Size                    | 42*24*12 inch   |
| Weight                  | 353 Lb          |
| Drive Flow              | 4.0-6.6 gal/min |
| Operating Pressure      | 150 Bar         |
| Strike Frequency        | 800-1400 b·p·m  |
| Diameter of Brazing Rod | 1.57 inch       |

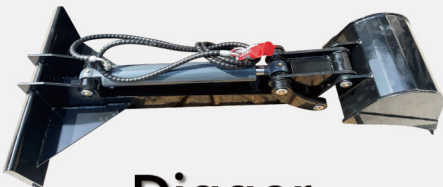

**Leveler**

|                      |                    |
|----------------------|--------------------|
| Size                 | 33*43*18 inch      |
| Weight               | 110 Lb             |
| Horizontal Soil Area | 10 ft <sup>2</sup> |

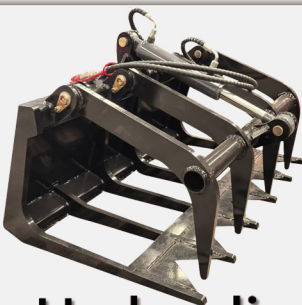

**Fork**

|                  |               |
|------------------|---------------|
| Size             | 44*35*28 inch |
| Weight           | 194 Lb        |
| Effective Length | 36 inch       |
| Max. Fork Width  | 33 inch       |
| Rated Load       | 265 Lb        |

**Digger**

|                 |                   |
|-----------------|-------------------|
| Size            | 51*26*27 inch     |
| Weight          | 243 Lb            |
| Digging Depth   | 61 inch           |
| Bucket Capacity | 1 ft <sup>3</sup> |

**Hydraulic Grapple**

|                    |                    |
|--------------------|--------------------|
| Size               | 38*32*23 inch      |
| Weight             | 276 Lb             |
| Max. Opening Angle | 88°                |
| Capacity           | 14 ft <sup>3</sup> |
| Rated Load         | 243 Lb             |

**Angle Blade**

|                                |                      |
|--------------------------------|----------------------|
| Size                           | <b>43*26*20 inch</b> |
| Weight                         | <b>265 Lb</b>        |
| Tilt Angle                     | <b>±30°</b>          |
| Blade Width at Max. Tilt Angle | <b>34 inch</b>       |

**Wood Chipper**

|                             |                      |
|-----------------------------|----------------------|
| Size                        | <b>35*30*31 inch</b> |
| Weight                      | <b>276 Lb</b>        |
| Diameter of Broken Branches | <b>0.4-2 inch</b>    |
| Inlet Size                  | <b>28*24 inch</b>    |

**Log Splitter**

|                        |                      |
|------------------------|----------------------|
| Size                   | <b>68*20*38 inch</b> |
| Weight                 | <b>397 Lb</b>        |
| Diameter of Split Wood | <b>12 inch</b>       |
| Length of Split Wood   | <b>22 inch</b>       |
| Operating Pressure     | <b>160 Bar</b>       |

**Log Splitter  
(Horizontal)**

|                        |                      |
|------------------------|----------------------|
| Size                   | <b>67*10*21 inch</b> |
| Weight                 | <b>353 Lb</b>        |
| Diameter of Split Wood | <b>12 inch</b>       |
| Length of Split Wood   | <b>20 inch</b>       |
| Operating Pressure     | <b>160 Bar</b>       |
| Thrust                 | <b>11 Ton</b>        |

**Backhoe**

|                      |                      |
|----------------------|----------------------|
| Size                 | <b>63*45*51 inch</b> |
| Weight               | <b>525 Lb</b>        |
| Max. Digging Depth   | <b>39 inch</b>       |
| Max. Digging Radius  | <b>96 inch</b>       |
| Bucket Capacity      | <b>0.5 ft³</b>       |
| Bucket Lifting Force | <b>33 KN</b>         |

**Sweeper**

|                       |               |
|-----------------------|---------------|
| Size                  | 36*56*21 inch |
| Weight                | 313 Lb        |
| Roller Brush Diameter | 2 inch        |
| Cleaning Width        | 41 inch       |

**Tiller**

|                  |               |
|------------------|---------------|
| Size             | 53*22*18 inch |
| Weight           | 265 Lb        |
| Working Width    | 39 inch       |
| Working Depth    | 2.4-5.9 inch  |
| Number of Blades | 38 Pieces     |

**Bush Cutter**

|                  |               |
|------------------|---------------|
| Size             | 49*51*18 inch |
| Weight           | 375 Lb        |
| Cutting Height   | 20 inch       |
| Cutting Width    | 47 inch       |
| Number of Blades | 2 Pieces      |

**Lawn Mower**

|                  |               |
|------------------|---------------|
| Size             | 50*54*21 inch |
| Weight           | 406 Lb        |
| Cutting Height   | 1-4 inch      |
| Cutting Width    | 42 inch       |
| Number of Blades | 3 Pieces      |
| Flow Rate        | 6.6 gal/min   |

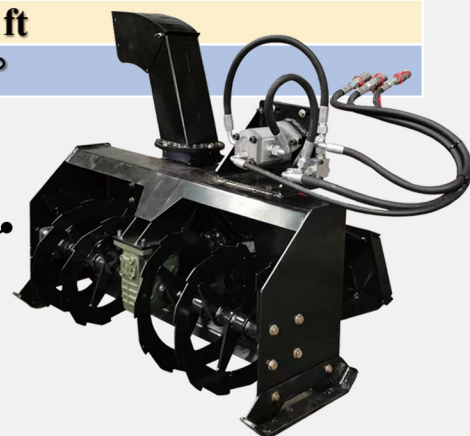

**Trencher**

|                        |               |
|------------------------|---------------|
| Size                   | 63*25*29 inch |
| Weight                 | 331 Lb        |
| Max. Trenching Depth   | 31 inch       |
| Single Trenching Width | 6 inch        |
| Chain Speed            | 420 ft/min    |

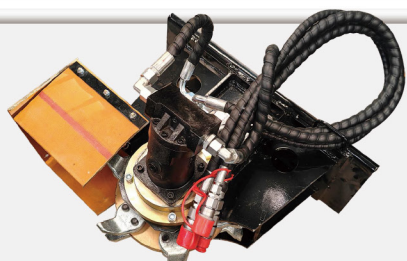

**Electric swing-head  
snow blower**

|                              |               |
|------------------------------|---------------|
| Size                         | 30*63*40 inch |
| Weight                       | 300 Lb        |
| Hourly Snow Blowing Capacity | 40-50 t       |
| Max. Throwing Thickness      | 13 inch       |
| Clearing Width               | 39 inch       |
| Max. Throwing Distance       | 26-39 ft      |
| Throwing Adjustment Angle    | 0-360°        |

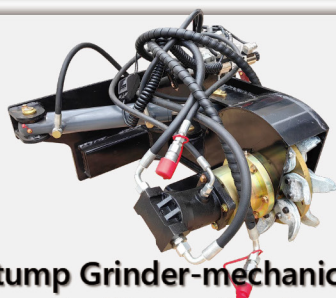

**Snow blower**

**Stump Grinder-mechanical  
Oscillating Head  
(Swaying Back and Forth)**

|                    |               |
|--------------------|---------------|
| Size               | 31*33*18 inch |
| Weight             | 220 Lb        |
| Max. Stump Height  | 20 inch       |
| Max. Cutting Depth | 12 inch       |
| Number of Teeth    | 12 Pieces     |

**Stump Grinder-mechanical  
Oscillating Head  
(Swaying Left and Right)**

|                    |               |
|--------------------|---------------|
| Size               | 31*33*18 inch |
| Weight             | 265 Lb        |
| Max. Stump Height  | 20 inch       |
| Max. Cutting Depth | 12 inch       |
| Number of Teeth    | 16 Pieces     |

**Mulcher**

|                  |               |
|------------------|---------------|
| Size             | 24*47*44 inch |
| Weight           | 628 Lb        |
| Working Width    | 40 inch       |
| Working Pressure | 14-21 Mpa     |
| Working Flow     | 10-16 gal/min |

**Vibratory  
Roller**

|                         |               |
|-------------------------|---------------|
| Size                    | 17*42*34 inch |
| Weight                  | 573 LB        |
| Effective working width | 36 inch       |
| Dru diameter            | 18 inch       |
| Vibration frequency     | 75HZ          |
| Excitation force        | 15KN          |

**High  
Discharge  
Bucket**

|                             |                   |
|-----------------------------|-------------------|
| Size                        | 26*43*16 inch     |
| Weight                      | 256 Lb            |
| Number of Lifting Cylinders | 2                 |
| Lifting Height              | 20 inch           |
| Bucket Capacity             | 4 ft <sup>3</sup> |

**Vibrating  
Ripper**

|                            |               |                                          |         |
